GC Looks To West And North For Growth

Also Making Bid For Location Here of New State Office Building

Two major proposals for Granite City during Monday night's council session—annexation of thousands of acres of land to the west and north of the present city limits and an all-out attempt to get a state office building here.

Mayor Partney was asked by the council to arrange a hearing for property owners in the area lying west of Route Three, extending north to the Hartford canal. No date has yet been set for the hearing.

The proposed area would include the Benjamin addition at the end of Missouri avenue, the Chouteau Slough area, and Chouteau Island except for the portion owned by the city of Madison at the old Chain of Rocks Bridge, and the subdivisions on either side of Route Three both south and north of Interstate Route 270.

Almost Hemmed In
Initiating the annexation proposal was Alderman Nomm, who said he had been "riding around the area and found Granite City almost hemmed in for future growth."

He predicted that the area, which includes a portion of the industrial park of the Tri-City Port Authority, could become prime industrial locations for which the city could provide services for development and also provide spacious residential sites.

"I've talked to some of the people, including large landowners, and they are dissatisfied with conditions. They want services that the city can provide, and we need to grow. We can find out the sentiments through a hearing," he continued.

Blocked to East
"We can't look to the east, for I hear that the city of Madison has its eye on Ponton Beach and that it most likely will become a part of that city within two years," Nomm added.

His proposal was made at the close of Monday night's session, and Mayor Partney and several aldermen agreed the annexation would be beneficial to both the city and the residents of the area.

"Most people I talked to said they would like to have police and fire protection from this city and with the new Route 151, it could become available to them easily," Nomm remarked.

Presentation of a bid for location of a state office building here will be made next Monday morning by Mayor Partney at a 9 o'clock meeting to be held at the city hall in East St. Louis. The cities of East St. Louis and Collinsville also have expressed interest.

A notice was read to the council Monday night from the Illinois Building Authority of the state's intent to erect a building on a 10,000 square foot tract to house state offices to serve a 15-county area.

The state wants interested municipalities "to convey the land to the state without consideration" and to set forth public transportation that would be available close to the site as well as facilities for parking.

Levee Board To Seek U. S. Funds To Dredge Ditches

The East Side Levee & Sanitary District discussed possibilities of obtaining a federal loan of \$100,000 and a matching grant of \$100,000 federal funds to dredge drainage ditches during a meeting Wednesday morning at East St. Louis.

The levee board authorized Lawrence Tolar, president, and technical assistants to visit Washington, D. C., to confer with Congressmen Price and with appropriate agencies on the proposal.

William Ebersold of Venice commented that the Madison county portion of the district is in need of relief as it is difficult to get storm water to pumping stations because ditches are too narrow and Tolar said funds also could be used to finance necessary building facilities.

The board called for a survey of general structures and electrical systems at all pumping stations as some are deteriorating, including the one at Venice. Tolar said that faulty wiring in some stations present a danger to employees.

An emergency purchase of a sludge pump at a cost of \$3080 from Hennessy-Forrestal Co. in St. Louis was approved. It will be used to clean tunnels along the East St. Louis river front.

A boom is to be leased to lift the pump from the chambers. The East St. Louis & Interurban Water Co., which has an intake facility in the area, is to share the cost.

The board authorized purchase of a gymnastic safety toner to stabilize rear ends of motor vehicles and prevent skidding at a cost of \$290. It will be used on the district's police wagon, and if it proves effective, the devices will be used on all district vehicles, Tolar said.

The board also approved October payrolls totaling \$32,730 and October claims of \$18,690.

Hour-Long Weed Fire

Venice firemen were at the scene an hour yesterday afternoon to extinguish a weed fire that started in a field just west of Lee Wright's home. The alarm was sounded at 2:15 p.m. and firemen were at the scene until 3:10 p.m. There was no damage. Cause of the fire was not determined.

UF Drive A 90.9%: Another Week To Go

Pledges of \$349,116 Are \$35,000 Short of \$384,000 Goal

A week's extension to raise \$35,000 more to meet the \$384,000 goal of the Tri-Cities Area United Fund Campaign was announced at yesterday's fifth report session by Mitchell B. Milemski, drive chairman.

The drive's fourth luncheon session at the YMCA was attended by 55 campaign leaders and volunteer workers who reported pledges totaling \$349,116, or 90.9% of the 1967 quota.

Milemski urged all unworked prospect cards to be completed and callbacks made before the next and final report meeting at noon next Wednesday—also at the YMCA.

Don Worker's 2nd Pledge
He noted that Dow Chemical Co. employees had made a second contribution of \$800 to aid the campaign and gave special recognition to Richard Roberts of Steelworkers Local 4904 and Eugene R. Burnett, representing the company's employees.

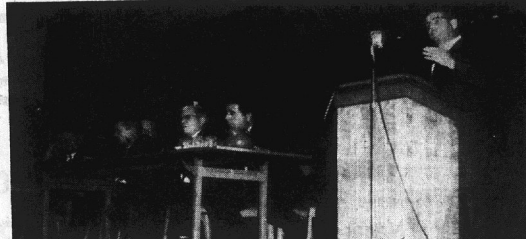

The only division over the top is the "Professional Division" headed by Leo Konzen, local lawyer. His goal of \$6500 has been over-subscribed and totals \$6560, or 100.6%. Konzen said additional pledges will increase that amount by \$100 or more.

Within his division, he has three section captains still 100% or more. Latest to go over the top was Irvin Slater Jr., head of the dental section, with pledges of \$705, or 100.7%.

The other two section captains who topped their quotas are Dr. Leo Roman for "other professions" and William Schooley, who heads the lawyers' section.

Other 100% Sections
In other divisions, three section captains also topped their goals for topping quotas: George Weiss, who heads the contractors section of Paul Kemp's Industrial Division, with \$340, or 104.3% of a \$300 goal; and two in Eugene Coe's Public

"IF THE SCHOOL BOARD had been more vigilant, we would not be here tonight," Madison school board member Chester McManaway tells a crowd of white and Negro parents in the Madison high school auditorium last night. He said closer watch on school policy is planned by the board. From far left at table are board members Frank Derner and Talmadge Fisk; Supt. \$5.6 Million Budget Proposed for County

Increased demands for services and a growing population caused the proposed budget for Madison county to zoom to a record \$5,625,625 total for the fiscal year starting last Nov. 1, it was shown Wednesday afternoon at a press briefing conducted by the finance committee of the county board of supervisors.

The total is \$1,117,676 higher than that of a year ago when the fiscal span covered a period of only 11 months.

The tentative budget provides for salary increases of 30 percent for all county employees, numbering about 225, at a cost of \$80,000.

It also provides \$421,925 for construction, maintenance and operation of a juvenile detention home and \$299,749 for mental health purposes. Special tax rates for the two service areas were approved by voters at the last general election.

Election Costs
Leslie Preehn, finance committee chairman, who conducted the meeting, noted another \$173,000 addition not budgeted last year to finance the primary and general elections in 1968, adding that the county now has a record high of 185 precincts.

The committee also is recommending that a \$174,000 on the purchase of the old Edwardsville post office be retired now to effect interest savings of \$50,000 over the next five years.

The budget includes funds for an increase in the sheriff's staff by two deputies, plus addition of one patrol car, raising the 10 deputies as requested by Sheriff George Musso and ordered by the court, and \$100,000 to finance the county jail.

Operational costs of the county jail have almost doubled, Preehn noted, as the inmate population under Sheriff Musso has almost doubled. He said former Sheriff Barney Fraundorfer preferred to keep the jail population at a minimum while Musso feels a prisoner.

Suit Seeks Closure Of Chouteau Landfill

An injunction suit to force the closure of the Chouteau Island Landfill Corp. was filed Tuesday in Madison county circuit court for the Chouteau Island Citizens Association.

As a result, Gilbert Killinger, Collinsville township supervisor, said legal action to force county sanitation officials to enforce a resolution banning the dumping of out-of-state garbage and refuse will be postponed pending the outcome of the injunction suit.

The citizens group, which also seeks damages of \$1000, claims the landfill operators are violating state and county regulations to the detriment of area residents. Ferdinand Segar, president of the association, signed the complaint.

MHSE Ends 2-Day Lockout; Start Classes Today

Parent and Faculty Committees to Meet With School Board on Rules Conflict

(Pictures on Pages 7, 20, 27)

Madison high school students returned to their classes today to end a two-day school shutdown due to fear of racial disturbances.

The school opened on its regular schedule at 8:30 a.m. and principal Francis Dant announced that an "open house" program previously set today from 2 to 4 p.m. will be held as planned.

Meanwhile, arrangements were being made to begin this afternoon a series of conferences between school board officials, faculty representatives and a committee of white and Negro parents, to settle a conflict over rules and regulations governing extra-curricular activities. First session was scheduled to get under way tomorrow in the high school auditorium.

Decision to reopen the school—shut down Tuesday to ease racial tension growing out of demands by Negro students and parents—was announced shortly after school board authorities and administration officials met with Mayor Stephen Maestas Tuesday night and with a parents' delegation yesterday morning.

Early Morning Decision
The school closing was decided upon by the school board executive, who met at about 2 a.m. Tuesday after an almost continuous meeting that started early Monday when separate white and Negro delegations called on school officials to oppose the board's application of rules and regulations to selection of members of the school cheerleading squad and control of the school's athletic activities. Enrollments, lagging in recent weeks because of racial disturbances, were reported up this morning.

Because of the early hour in which the decision was reached, there was no way to announce the closing before an assembly session where high school officials outlined the results of a meeting last night attended by a mixed crowd of about 300 white and Negro parents in the school auditorium.

The assembly session was in line with a request made by parents in last night's meeting that the children be informed of what is happening so that they know as much about the situation as possible.

Tuesday's Meeting Cancelled
The meeting last night was held in place of one scheduled at 7 p.m. Tuesday, but which was cancelled by school authorities.

What Will Happen?
"If we have all this disturbance and excitement over a little issue like we have, even causing you to close the school, are you going to do anything to start integrating all of the Madison schools, which we plan to do soon?"

Asked by William McCunney, the parents named a 16-member committee—eight white and eight Negro parents—to meet with a high school advisory committee of nine members and the school board to work out the issues involved in the conflict and to consider other suggestions made by the parents, among them the organization of a Parent-Teachers Association for the high school.

Among the work cut out for the committee will be the setting of rules and regulations that have been under discussion. John Belloff, a member of the school board, told the parents that hereafter rules and regulations "will have some teeth in them and you can tell your children when they come back tomorrow this is no longer a playhouse."

Committee Selected
Committee members named included: Negro representatives, Brice Ford, Mrs. Henry Fletcher, Hilma James, Mrs. Mable Dandridge, Justice Joyce Crawford, John Ervin and Mrs. Weston; white representatives, George Darline Jr., Thomas Watson, McCunney, Mrs. Billie Bosworth, Henry Scott, Leo Pyle, Leslie Williams, and Mrs. J. H. Harris.

Members of the faculty committee, picked by the school board yesterday, include William C. Cook, Richard Brown, Willie Dennis, Wayne Carline, Dennis Reville, and the four high school coaches: Lawrence Burns, Harland Scheibel, John Logan and Mick Gavril.

Kerner Praises New Facilities at GC Steel

Called the "most modern" steel firm by Illinois Gov. Otto Kerner, Granite City Steel Co. dedicated new steelmaking and rolling facilities at a luncheon Monday attended by over 200 metropolitan area business and civic leaders.

The governor's short time later pressed a button which started a heavy steel slab moving through a huge computerized hot strip rolling mill, largest single new facility at Granite City Steel.

The guests also inspected a new basic oxygen furnace plant which has increased the company's steelmaking capacity 30%.

New Production Record
During the hour in which the formal dedication occurred, a new 60-minute production record of 291 tons was set. Gov. Kerner showed warm

praise on Granite City Steel for its cooperation in curtailing air pollution and said extensive air pollution control progress is being made under the leadership of the Illinois Air Pollution Control Board. He said the company's new facilities are "as powerful and as advanced as any in the world."

He also praised the company's "effective and remarkable improvement" in preventing air pollution.

Nicholas P. Veeder, chairman of the board and president of Granite City Steel, described the new hot strip mill as being "as powerful and as advanced as any in the world."

Veeder said the new basic oxygen steelmaking plant here "operates with an unusually high degree of efficiency."

In his address marking the completion of this project will give an undoubted competitive edge to the company.

Standard Parking Controls at Schools Proposed by City

Standard parking regulations and traffic controls in the vicinity of all schools was recommended during Monday night's Granite City council meeting.

The study by city and school authorities was suggested by Alderman Basarich after the council received a petition requesting a no-parking zone along the residential side of Wilson avenue at Wilson school.

While the request was for no parking in front of homes along the narrow, 26-foot street, Alderman Whitmer said the ordinance should also prohibit vehicles from stopping and standing.

The petitioners complained of hazards created by parked cars when other autos stop to let children out and they dash across the street to the school.

Preparation of the no parking, stopping or standing ordinance was authorized for the

2400 block of Wilson avenue between Edgewood drive and National avenue, pending the study.

Members of the Police committee, headed by Whitmer, were asked to confer with the police department and school officials to develop a standard procedure.

Other Traffic Problems

Also on traffic, Robertson recommended the striping of Fehling road to reduce accidents from Bradley avenue to Nameoki road, and Alderman Fry asked for consideration to lengthening the cycle for the traffic signal left turn arrow at the Nameoki road-Madison avenue intersection for northbound traffic to turn onto Madison avenue.

Assistant Chief Teller said both requests were under study by the department's traffic division.

Robertson demurred, "We've got lots of figuring, but no results in the traffic division."

His remark was taken up by Alderman Whitmer, who said the city has no traffic engineer and make a big mistake when it refused to hire an expert after a one-year contract "just because he recommended some changes that aldermen didn't like."

Alderman Fry added, "We've got a good police department and traffic division—the best in Madison county."

Dump, Garbage Complaints

Aldermen also voiced complaints to the Sanitation committee, concerning a 3:30 p.m. closing of the city dump that is supposed to stay open until 4 p.m. on Saturdays, faulty pickup of trash and garbage in the areas of Oak street and Independence drive and damage to garbage containers. The

Office Building, Renewal Studies By Chamber Unit

The Tri-Cities Chamber of Commerce board decided Tuesday night to form a committee to study the federal urban renewal program and to study the possibility of obtaining a state office building that would serve this region of Illinois.

President Howard W. Kaseberg appointed Arthur Koepfer as chairman of membership and promotion, Dale Arnette as chairman of citizenship and education, Dr. George T. Wilkins Jr. as chairman of health and cultural affairs, Cliff Blankenship as chairman of community relations and Carl E. Mathias as industrial development chairman.

Additional committee leaders are to be named later. Guidelines based on the 1967-68 "program of work" will be distributed to committees.

Mayor Donald Partney discussed the status of the Granite City urban renewal proposal, and resignation of John Wagner from the Chamber board was announced.

Attention was called to the performance of the former Broadway musical play, "Carnival," by the Masquers organization Nov. 25 at Granite City high school.

The directors approved a budget submitted by Treasurer E. G. Schmitt and an audit committee report presented by Allen L. Jesse. Koepfer reviewed activities of Chamber Ambassadors.

St. Elizabeth Starts Pre-Natal Series

A four-part series of pre-natal lectures for expectant parents sponsored by St. Elizabeth Hospital began Tuesday and will continue at 7:30 p.m. each Tuesday through Nov. 28.

Sister Mary Jerome, who is conducting the course with Mrs. Alberta Koney RN, said today that all sessions will be informal, with questions and discussion periods encouraged.

Prior registration is not required to attend, and expectant parents may participate in one or all of the weekly sessions, Sister Jerome said. The program is being presented in the Tri Cor Medical building classrooms at 21st street and Madison avenue.

Subject of next Tuesday's session, "Your Way of Life During Pregnancy," will be followed with such topics as "Labor and Delivery" on Nov. 21; and "Care of the Baby," Nov. 28.

The initial lesson was devoted to the subject, "Before the Baby Comes."

Sister Jerome reported that a tour of St. Elizabeth's maternity department will be given. An extra evening will be scheduled should the topics not be covered within the prescribed four-part period, she added.

The next series is expected to begin in February.

Autos Collide

Autos driven by Hector Zevallos, 44 Terrace lane, and Helen Cochran, 141 Treckler lane, collided Tuesday afternoon on Madison avenue at 27th street, where both were traveling north and the Cochran car crossed the traffic lane line.

Consultant Urges County Clear Air Law be Adopted

A consultant from Southern Illinois University-Southwestern told a public hearing Monday night at Edwardsville that the county, rather than the state, is the best source of control of air pollution for the county.

He is George Arnold, air and water pollution expert at SIU-SW and consultant to the county board of supervisor's air pollution committee who assisted State's Atty. Leon Scroggins in developing a proposed county ordinance.

Arnold urged adoption of that ordinance at the Nov. 22 meeting of the county board, rather than a substitute, submitted by industries, which is patterned after state legislation. Arnold called the state law "cumbersome," too difficult to administer.

It was the last of three public hearings on the clean air ordinance. Others were held last Thursday in Granite City and previously in Wood River. Thirty persons attended the meeting in Edwardsville, including five representing industry and four farmers.

Ferd Segar, Chouteau Island farmer, complained of continued burning at a dump there. He said the landfill was on fire last week.

ROBERT FANNING

Robt. Fanning, 61, P-R Typesetter 22 Years, Dies

Robert F. Fanning, 61, of 2328 Woodlawn avenue, a Press-Record typesetter for the past 22 years and a world war II Air Force veteran, died of an apparent heart attack at his home Monday.

In ill health since suffering a heart attack seven months ago, Mr. Fanning had continued to work prior to entering the hospital in October. He was released from St. Elizabeth Hospital about ten days ago.

Mr. Fanning was discovered about 8:30 p.m. Monday, lying on a basement landing near the kitchen door by neighbors, Mike Kriesan, 2335 Woodlawn avenue, and Frank Vesel, 2330 Woodlawn avenue. The latter and received a telephone call from Mr. Fanning's wife, Ina, at work in St. Louis who expressed concern for her husband's welfare and asked Vesel to go into the house.

Madison County Coroner Leonard R. Davis, summoned to the home, said death probably had occurred eight hours earlier. It appeared that Mr. Fanning had started up the stairs from the basement when stricken, the coroner added.

A native of Jacksonville, Ill., Mr. Fanning was stationed at Scott Air Force Base during world war II. Following his discharge, he remained in this area and began working for the Press-Record in October, 1945. He was a member of the St. Louis Typographical Union No. Eight.

Besides his wife, Mrs. Ina Fanning, he is survived by a sister, Mrs. Hilda Barnes of Jacksonville, Ill.; and two nieces, Mrs. Roy (Betty) Edwards of Falls Church, Va., and Miss Phyllis Barnes of Jacksonville.

Funeral services were held at 11 a.m. today at the Second Baptist Church. Details are given in today's obituary column.

Top Lodge Officials To Visit Local Eagles

Two top officers of the Eagles Lodge will be present next Wednesday for the local lodge's kickoff dinner for its annual canned food drive to aid needy families at Christmas.

Jesus Brown, chairman, said special guests will include William Lindley of Mathersville, state president, and William McCavoy of East St. Louis, the national president. A turkey dinner is to be served by the lodge auxiliary, and tickets still are available.

191 Enrolled In Vocational Center at Venice

A total of 191 residents of Madison and St. Clair counties this week are attending evening classes at the newly-created Lincoln vocational center in Venice.

The building also continues to be operated as a daytime elementary school pending completion of additional classrooms at Venice grade school. When the new rooms are ready, all Venice district elementary pupils will be consolidated in a single school.

Supt. John O. Pier told school board members Monday evening that 101 St. Clair county residents and 90 persons from Madison county are enrolled in general education development and basic education programs at Lincoln school.

Bus Routes Uncertain

"Our only problem so far is stabilizing bus route service in order to transport adult students to the new center from various sections of the two county area," Pier said. He said the problem should be solved within the next week or two after definite routes and the precise number of students from each area have been established.

Enrollment at the vocational center is open to any resident of Madison county and, at the present time, to persons residing in Brooklyn, Washington Park and Fairmont City in St. Clair county. Additional areas may be assigned later, he said.

"We expect to have a 17-unit typing department set up and ready to go in January, to general with students in general clerical work, shorthand and bookkeeping," he said. Type-

writers and desks have been ordered.

Sewing, Graphic Arts
"probably next department to become operational will be power sewing instruction," Supt. Pier described his recent visit to the Eldorado, Ill., vocational center, saying he was most impressed with a graphic arts department.

"I hope we can incorporate a graphic arts course into our vocational curriculum as soon as possible," he said, noting that state education authorities are interested in such instruction being made available at the local center.

Wide Interest Shown

While the Lincoln vocational program is being implemented gradually, Supt. Pier said intense interest has been displayed by many area adults in all facets of vocational training.

We believe it is more beneficial and expedient to initiate courses as quickly as we can, starting with those requiring equipment and machinery more easily obtained.

"Acquisition and installation of machinery required for such courses as welding, automotive repairs and machine shop naturally takes longer to accomplish."

He said efforts will continue to be exerted to have the entire program in operation by September 1968.

Urges Local Control

He strongly recommended that administration of the vocational center remain with the Venice board of education.

However, he proposed that representatives of industry, labor and business be invited to assist in programming and other aspects of the center's operation.

He said that in some instances, vocational schools are sub-contracted to individuals or outside agencies. "With the

Venice school district retaining ownership of the Lincoln building, all problems and policy-making decisions would revert to the board in any event, so I recommend the school board retain its controlling authority."

The center will be switched to a day and evening class schedule when all Lincoln elementary pupils are reassigned to the Venice school, he reiterated.

Financing Indefinite

He said the amount of Title III funds for operating the center has not yet been announced by state authorities. When an allocation is made, it is expected that any student wishing to enroll at the center may do so without charge, he said.

In other business, a request from Coach William Ohendorf for improved lighting in the school gymnasium was considered. The coach reported that officials and coaches in the MCM Conference made frequent complaints last season about the lighting.

On several recent occasions, the gym has been without lights when power sources were overloaded, Ohendorf said. Board members agreed to seek an estimate for replacement of present light fixtures from Illinois Power Co.

Cafeteria Approved

Assistant Supt. Robert N. Vickers read an appraisal of Lincoln school cafeteria facilities, submitted to the board by Ray Suddarth, director of the Illinois School Lunch Program.

The report said that Type A lunches served in the cafeteria are good, as are equipment, sanitation practices and storage facilities. Suddarth commended Venice school officials and personnel for incorporating suggested improvement in the kitchen area since the last state inspection.

Cufflinks Stolen

A thief pushed an air conditioner out of the window onto a bed and entered the apartment of Clarence Luckert, 2401 Anchorage, where cufflinks valued at \$15 were stolen Tuesday night.

Several board members indicated they will attend the Illinois Association of School Boards annual conference in Chicago, Nov. 18, 19 and 20. An expense allowance of \$125 for each member attending was authorized. Board President Michael E. Leatherman Jr. and Board Member Jack Tolliver were selected as delegate and alternate, respectively.

Recommendation from City

A letter from Venice Mayor John Lee and the Venice city council commended school board members for efforts in establishing the Lincoln vocational school and the proposed consolidation of all Venice grade school pupils.

By resolution, transfers of \$2000 from the working cash fund to the Illinois Municipal Retirement Fund and \$10,000 from Title I fund to the working cash fund were authorized.

Monthly bills authorized for payment included \$20,027 from the education fund; \$5357, building fund; \$2819, transportation fund; and \$504, retirement fund.

Scholarship Publication At SIU-SW is 4 Years Old

"Papers on Language and Literature," a scholarly publication with a growing international subscription list, is marking its fourth birthday on the Southern Illinois University.

Started in 1964, the quarterly publishes writing by and for scholars and critics of language and literature. Each issue provides a spread of papers over a number of literary periods and on literatures in various languages.

Circulation, primarily to educational institutions and professors of language and literature, has climbed to 850. The quarterly now goes to subscribers in Australia, Great Britain, both sides of the Iron Curtain in Europe, Africa, Asia and South America. More than 100 libraries in the United States and abroad receive the quarterly on an exchange basis.

Nicholas Joost, professor of English language and literature at SIU-SW, serves as editor assisted by an associate editor and an advisory board of ten, chosen from the Midwest Modern Language Association.

Poplar Street Bridge To Be Opened Today

The new Poplar street bridge connecting East St. Louis and St. Louis was scheduled for opening at noon today, Gov. Kerner announced. There were no formal dedication ceremonies.

The toll-free interstate bridge will carry traffic of Interstate Routes 55, 70 and 64. It is anticipated that 35,000 vehicles will use the bridge daily and that, when the interstate routes are completed, the daily traffic will increase to more than 100,000.

The bridge is 2165 feet long and consists of five spans, the longest of which is 600 feet. Its deck will carry four lanes of traffic in each direction. Total bridge cost is \$13.2 million.

The maze of ramps and connections for the bridge approach are still under construction. The total cost of all the work in East St. Louis will be more than \$80 million. Although considerable work remains before all of the ramps and connections are completed, the opening of the bridge is a big step forward, Gov. Kerner said.

Mrs. Goldie Matthies, 82, Dies Early Today

Mrs. Goldie N. Matthies, 82, of 2225 Edison avenue, a pioneer resident of Granite City, died unexpectedly of a heart ailment at 2:15 a.m. today at St. Elizabeth Hospital. She had been in fairly good health until earlier this week. She was admitted to the hospital Tuesday.

A native of Jacksonville, Ill., Mrs. Matthies moved to Granite City as a young girl in 1886.

Her father, the late John Woods, was among the unincorporated community's first police officers. She was a long-time member of the First Baptist Church.

Survivors include her husband, Charles C. Matthies, a retired Union Star & Refining Co. employee; one son, Paul Moore, former Granite City police lieutenant who retired two years ago; a brother, Howard Woods of St. Louis; two grandsons, Robert Moore and John Paul Moore, both of Granite City; and three great-grandchildren.

Funeral arrangements are given in today's obituary column.

License Plates Now Being Mailed

Mailing of 1968 motor vehicle license plates has started, Secretary of State Paul Powell announced this week.

The first shipment of plates, representing reassigned numbers and numbers assigned in response to special requests, was delivered to the Springfield post office on Nov. 2, the earliest in history. Last year, mailing began on Nov. 15, and previously mailing started Dec. 1.

The first series of plates to be mailed bear numbers made up of digits only. When mailing of that series is completed, numbers beginning with AA will be mailed, and the alphabetical sequence will be followed from then on.

Powell advised motorists not to display the 1968 plates before Dec. 1 because of the penalties which will be imposed by law if they are displayed earlier.

Boys Snatch Purse

Two boys snatched a purse from Mrs. Novelle Magaby, 813 Washington avenue, Madison, as she was leaving the New-Way Market at Douglas and Mercedia streets in Venice. Mrs. Magaby told police the purse contained a driver's license, private papers and about \$3.

Court of Chevaliers

Annual Meeting Held

The Granite City Court of Chevaliers met in an annual observance last night at Stevie's Steak House. Dale Schindewolf of Edwardsville was the arrangement chairman and was re-elected to serve for the Nov. 8, 1968, meeting.

Those in attendance for the dinner meeting were:

David E. Cook, John F. DeCourcy, Ellis N. Hackney Jr., Raymond L. Henley, William "Bill" Henley, Roland J. Kennedy, Marilyn F. Kruescheck, Gilbert "Jack" Kulemamp, Harold Landwehrmiller, Robert Maxwell, Charles A. Meyer, Donald Partney Jr., Randall Robertson, Terry Rochester, Donald Rouland, Schindewolf, Irvine Slate, Everett G. Steele, Tom "Reggie" Teague, R. Gilbert Watson, Thomas W. Warner, Larry Whitsett.

DeCourcy is from Jerseyville Chapter, and all others are from Granite City Chapter Order of DeMolay.

WO Michael Lopez Home from Vietnam

Warrant Officer Michael Lopez, former Press-Record photographer, arrived home yesterday after several months duty in Vietnam as a helicopter pilot. He is the son of Mr. and Mrs. Stephen Lopez of Glen Carbon, formerly of Madison.

After a three-week leave, he will report to Fort Walcott, Tex., for a new assignment.

20 Depot Officers to Get SIU-SW Video Training

Students of the Conference Leadership Course being offered next week at the Granite City Army Depot will be the first "outside" group to take advantage of the video training at the Southern Illinois University-Southwestern campus.

On Wednesday, the trainees will be on the SIU-SW campus for practice sessions and a class in understanding group behavior under the instruction of Robert Hawkins, associate professor of speech at the University.

The other four days of practice sessions will be held in Granite City. Twenty officers from the Granite City Depot and environs interested in new ways of teaching short courses and making them more effective will attend the Wednesday sessions.

Hawkins' demonstration lecture will involve taking pictures of the morning practice sessions, editing and showing the video tapes during the scheduled afternoon session. This method of teaching his group behavior course, he said, is used "to illustrate what I try to teach and to make my points more vivid and to indicate some of the ways in which the students' behavior might be changed."

In charge of the week-long conference leadership course is George D. Langdon, employee development officer at the Granite City Depot, who says the video training at SIU-SW has generated considerable interest among members of the Employee Development Committee of the Federal Personnel Council. The committee will have lunch at the University and will tour the broadcast services facilities at the new campus, after which the members will join the students for Hawkins' 2 p.m. lecture.

Strong Maroons Hosts As GCHS Ends Season

It has been seven years since the Granite City high school football team has beaten the Belleville West Maroons, and the 6-7 Warriors will be hoping for a boost from the law of averages Friday night when the two clubs collide in a Southwestern Conference battle at the Maroons' field.

On paper, Belleville West ranks as a strong favorite tomorrow, having won over powerful Alton in compiling a 4-0 league record. It must defeat GCHS and East St. Louis to be certain of beating out Alton for the championship.

Not since 1963 has a team won the Southwestern title with a perfect record.

In each of the last three seasons the Warriors have held Belleville West to close scores—20-15 in 1964, 24-14 in 1965 and 21-13 last year, when a touchdown by Bill Mauer of a 90-yard run proved decisive.

Mauer has still been picking up long yardage this season, and at a faster clip. His career mark of 1743 yards includes 870 yards so far this season.

17 TD's by Mauer

Mauer has scored 17 touchdowns and has averaged 138 yards a game and 67 yards per carry.

Belleville West has been tied on this season, a 6-6 deadlock with cross-town rival Alton, but the closest that anyone has come to beating the Maroons was Collinsville's loss by 14-12.

The Maroons have beaten O'Fallon Tech 21-0, Decatur 26-13, Quincy 33-7, Wood River 26-13, Alton 27-20 and Edwardsville 18-14.

Granite City tied Cahokia 13-13 in its season opener but since then has lost to Belleville East 27-0, Collinsville 27-7, Alton 54-0, Wood River 27-0, East St. Louis 34-0, Edwardsville 20-0 and Quincy 18-6 week.

Passing, Defense

Passing from Maroon Quarterback Jack King to Dave Extrat has accounted for an average of one touchdown per game so far.

The Belleville defense hits quick and hard, hoping to force

opponents to fumble. In two games this year the Maroons forced their foes to fumble the ball 16 times.

Keith Ihanfeldt has recovered many of the enemy fumbles, and has been successful often in reaching the quarterback before a play has been completed.

In 5.8 seconds the 50-yard dash runs the power running to go with the power running by Mauer.

Seek Improved Scoring

The Warriors are hoping to make better use of their scoring opportunities than in past games.

GCHS regularly has gotten close to the opponents' goal lines, but too often has lost possession or forward momentum before getting on the scoreboard with a TD or field goal.

The Warriors have had enough injuries this season to almost fill a complete offensive and defensive squad. As a result, it has become a "building season," with emphasis on obtaining yardage for boys who will be returning to the squad next year.

Of the six lettermen the Warriors had to start the 1967 campaign, four are sidelined with injuries.

Tomorrow's game will conclude the season for the Warriors.

Coach Jim Morrison believes that he has approved a good deal of the last few weeks. We will be playing a great football team, in my opinion. It wasn't that luck that Belleville beat Alton; it was hard hitting football.

15-3-1 Overall Record

Since Granite City and Belleville first met in 1921, when the Warriors won 13-0, GCHS has won 15 times, lost 32 games and tied once with the Maroons.

The closest game other than the tie was in 1933, when Granite City won 2-0 as Warrior defensive ends caught the Belleville punter behind the goal when he tried to run the ball out.

Up to that time, GCHS had been able to get no closer than the Maroon three-yard line.

Note to Deer Hunters: Those Wearing Vivid Red Coats Aren't Deer

Note to Deer Hunters: Those Wearing Vivid Red Coats Aren't Deer

With the deer season opening at 6:30 a.m. tomorrow and ending at 4 p.m. next Wednesday, the Illinois Conservation Department pointed out this week that it is unlawful for a deer hunter to carry a handgun in the field.

The limit is one deer to a hunter a year, and legal firearms are a shotgun of 10 to 20 gauge with rifled slugs or a muzzle-loading rifle of 36-caliber or larger, shooting a round ball with a charge of black powder.

All deer must be checked at designated stations the same day they are bagged. Hunters must wear a cap and a coat or vest of a solid, vivid red, orange or yellow color. A deer permit must be displayed on the hunter's back and he must have a 1967 hunting license in his possession. Only Illinois residents may hunt deer.

Each year, sportsmen bagged 7367 white-tailed, a ratio of about one deer per six hunters. In two central counties, Adams and

Harris Heads GCHS Lettermen's Club

Bill Harris was elected president of the lettermen's club at Granite City high school this morning by his fellow club members.

Also elected were Mike Dochow, vice-president; Dave Anderson, secretary-treasurer; and Rick Bartling, sergeant-at-arms.

Induction of new members will start in three weeks after football and cross-country team letters are awarded. To be eligible for the club, an athlete must letter in two different sports.

readily available in central and northern Illinois than in the Shawnee Hills.

There is a possibility that the deer harvest will be lower this year than in 1966. The season is earlier, corn picking is behind schedule, leaves are still on trees in central and southern Illinois and the brush is not down. It is difficult to kill a deer in standing corn and, with more leaves and brush to contend with, sportsmen will have to hunt harder for their venison.

Cancel Final Madison High Football Game

A scheduled Midwestern Conference football game between Belleville West and Madison high schools at the Madison field tomorrow night will not be played.

The game was canceled yesterday by Madison school officials, who obtained authorization from the Illinois High School Association.

The Trojan squad had been reduced to half its usual size through 17 player suspensions resulting from failure to participate in practice drills Oct. 30, 31 and Nov. 1. The remaining group played a conference game Nov. 3 at Roxana, losing by a score of 38-6.

No football practices have been held this week and classes at MHS were halted after Monday pending a solution of problems associated with student unrest.

Tomorrow's contest was the ninth and last on the schedule for the Trojans, who won six of their eight games. Due to elimination of the game with Bethalto, the MHS football season is now over.

Deer Permit Quotas Filling

Deer permit quotas have been filled in Fayette, Jefferson, Union and Monroe counties, the Illinois Department of Conservation announced today. The counties are in the southern third of Illinois.

In northern Illinois, Bureau, Carroll, Jo Daviess, La Salle, Marshall, McHenry, Ogle and Rock Island counties are full. Permits are not available for Adams, Fulton, Logan, Mason, Peoria, Tazewell and Woodford counties in the central portion of the state.

In addition to the four southern counties listed above, quotas are also full in Harding, Johnson, north Pope, Saline, Wayne and Williamson counties.

GCHS Will Host Wrestling Nov. 13

Granite City high school will be the scene of one of 11 Illinois High School Association wrestling rules interpretation meetings for 1967-68. The session will take place at 8 p.m. next Monday in the GCHS memorial gymnasium.

William Schmitt, Warrior wrestling coach, will be the rules interpreter in charge of the meeting. IHSA interpreter for the southern section of the state, he is also affiliated with the national high school wrestling rules committee.

Keith Parker, a coach at Coolidge junior high school, currently is acting as a state basketball rules interpreter and is the Madison, Bond and St. Clair counties (Area 15) representative on the state attorney committee. He is one of the few basketball referees who officiated at both Missouri and Illinois state high school basketball play last year.

All part of their duties, Schmitt and Parker will answer questions at their schools during the coming weeks concerning rules for the upcoming winter athletic seasons.

St. Louis Elks to Honor Fuchs, Maxwell

Bill Fuchs, Illinois state high school wrestling champion from GCHS, will be honored at St. Louis Elks Sports Celebrity award dinner Nov. 16 as the top area athlete in the wrestling category.

Fuchs, son of Mr. and Mrs. Leonard Fuchs, 2404 Angela drive, is now a freshman student at Purdue University. He placed 25th in overall balloting won by Lou Brock, St. Louis Cardinal leftfielder.

Dal Maxwell, former Granite City, who is shortstop for the world champion Cardinals, was 13th in the general voting and runner-up to Brock in the baseball division.

Depot to Honor Vets At Vets Club Luncheon

Officers of local veterans organizations and auxiliary officers are being invited to a Veterans' Day luncheon at noon Saturday in an observance of the National holiday. The officials will be guests of Col. Charles E. Hoskin III, depot commander. A similar luncheon was held last year. Leon Scroggins, state's attorney, will be the speaker. The local Army Depot units also will participate in a Veterans' Day parade at St. Louis with a marching unit of about 70 men of the 6888 Central Postal Directory Co. in the parade will be six pieces of equipment from the local depot, including a mobile floating assault bridge and a mounted entrepreneur.

MORE ABOUT \$5.6 Million

should remain in jail for the duration of his term or until dismissed legally.

Repair Jail. A new item in the budget provides \$35,000 to repair a crack in the wall and a separated foundation in the jail, plus an addition there for a new sheriff's office.

Prehn announced that the federal government has authorized the sale of document stamps on deeds and other records which should increase the excess fees of the county recorder of deeds substantially.

An appropriation of \$21,370 for new equipment and machines to handle the operation was included.

The budget will be out of balance, but the county will operate in the black again this year because of a surplus which should be about \$600,000 following payment of all claims from last year, according to county Auditor John Kravynak. He added that the fund was swelled by \$212,000 interest from investment of protected tax funds.

Additional costs in the new year will eliminate the surplus, but the General Assembly has provided a new 3½-cent tax rate for an emergency fund for a two-year period, Prehn said. The General Assembly also provided a levy of one cent for election purposes, which will finance about half of the cost, it was reported.

10-Cent Rate Restored

The general fund tax rate also has been restored to the old 10-cent figure, which had been cut to 5.87 cents by the Hodge-Butler Act 25 years ago. That rate will be up 1.34 cents. A tentative tax levy for the general fund was set at \$1,434, 586.

The budget, to be adopted at the Nov. 22 meeting of the county board, includes:

General county purpose funds, \$2,401,886; county tuberculosis sanatorium, \$463,420; county highway fund, \$556,000; county bridge fund, \$489,000; county retirement fund, \$180,000; outside independent county audit, \$15,000; veterans assistance, \$12,750; county civil defense, \$74,874.

County miscellaneous fund, \$18,765; state and federal aid highway matching funds, \$670,000; mental health, \$239, 749; and detention home, \$421, 625.

11 Rifles are Stolen From Local Gun Shop

A break-in at Lee's Gun shop, 1837 State street, was discovered at 3:20 a.m. Wednesday by police, who said the front door glass at the shop had been smashed to gain entrance. An inventory of stock later Wednesday showed eleven .22 caliber rifles, valued at several hundred dollars, were missing from racks.

Red Cross 1st Aid Course Starts Monday

A standard Red Cross first aid course will start next Monday at the Granite City Civil Defense headquarters, 1411 Nineteenth street, beginning at 7 p.m. The classes will be conducted by Mrs. Mary Earls from 7 to 9 p.m. on Nov. 13, 15, 17, 22, and 24. This will probably be the last class to be started before the holiday season, it was announced.

Other members of the committee are Nelson Hagauer, Edmonston, Olive township supervisor; C. A. Nicolet, Gredfrey township supervisor; Robert Edmonston, Olive township supervisor; and Clarence Ludwig, Leef township supervisor.

ATTENTIVE EARS are directed by school board members to questions of parents of Madison high school students at a public meeting in the high school auditorium last night. At left of table is Mayor John E. Lee of Venice and Mayor Stephen Maeras of Madison. Others, left to right, are—Oel Blumensack, school board president; board members William Varva, William Schreiber, John Belcoff, Chester McManaway, Frank Derner and Talmadge Fisk; Raymond Dragich, school superintendent, and standing at far right, Dr. Steve Geroff, moderator for the meeting.

honors. Mrs. Helen Wyman and Mrs. Mildred Branding were second and Mrs. Grace Enos and Mrs. Meyer were third. Mrs. Meyer serves as director of both clubs, which will meet again Nov. 12 and 13.

CUB PACK TO MEET

A committee meeting of Cub Pack 96, sponsored by the Maryville PTA, was held Monday evening at the school. Plans were made for the pack meeting at the school.

A flag ceremony will be presented by Mrs. Mary Stovall's Den Four, which also will conduct a cake walk. Refreshments are to be served by Mrs. Pat Muller's Den Two.

The new cubmaster, Harold Brandon, announced Bill Davis is now the Webelos leader and Alden Stout is publicity chairman.

Den mothers include Mrs. Donna Brandon, Mrs. Mullen, Mrs. Rebecca Baker and Mrs. Stovall.

He noted a need for participation by more fathers and mothers. Those interested are to contact the officers.

HONOR LAURENT FERRERE ON EIGHTH BIRTHDAY

Laurent Ferrere was honored on his eighth birthday with a party given by his parents, Mr. and Mrs. Laurent Ferrere, in their home, 3008 Wayne avenue.

The tables were decorated in a football theme, as was the birthday cake. The game of "twister" was played after the honoree opened his gifts.

The hosts served refreshments to Chuck Schubert, John McGarity, Brian Gage, Charles Holman, Mark Hadley and John Tolan.

SUPT. DAVIS TO SPEAK AT PARKVIEW PTA

Supt. B. J. Davis will be guest speaker at a monthly meeting of the Parkview PTA Nov. 16. His topic will be "Future Needs."

Francis Herman, president, presided at a board meeting Tuesday and reports were given by officers and committee chairmen.

Robert Kirgan announced a fund-raising project will be a matinee at the Washington Theatre Dec. 16. Cost of the tickets for children and adults

will be 50 cents. Mrs. Martha Lane, 3224 Wilshire, and Mrs. Janet Kunick, 2557 Stanford lane, will handle distribution of tickets.

Parents are to be urged to assist in the sale; the children will not be selling them.

Open house will follow the November meeting. The classrooms will be open to the parents from 8:15 to 9:15 p.m. Nov. 16.

THIRD BIRTHDAY OF KRISTY JO WHITAKER

The third birthday of Kristy Jo Whitaker was observed Tuesday evening at a party given by her parents, Mr. and Mrs. Walt Whitaker, 2575 Boyle avenue.

"Animals" was the theme used for the decorations, with multi-colored balloons and a birthday cake in the shape of an elephant.

Attending were her grandparents, Mr. and Mrs. Sam Green, Jeff, Jerry, Michael, Brian and Patrick Coyle, Debbie and Patty Morris and the honoree's brother, Mark Whitaker.

Games were played and prizes were awarded to each of the guests. Refreshments were served by the hosts.

SIU-SW Musical Artists' Program

Tickets still are available for the Southern Illinois University-Southwestern campus musical and literary luncheon sponsored by the Schubert Music Club at Fischer's restaurant next Monday, club officials announced today.

Mrs. I. V. Estill, Belleville, program chairman for the benefit affair, said last-minute requests for the luncheon tickets should be made either to her or to Miss Ethel A. Dauphin, club ways and means chairman.

The University music faculty will present a varied program of piano, string, and voice selections, marking the first formal recital of faculty artists in Belleville. Renato Premazzi, pianist, Dale Moore, German lieder specialist, and Robert Schieber, violinist, will present musical selections of wide variety. A talk on "Music in the University Library" by a representative of Lovejoy Library, will round out the program.

Prior to the noon luncheon and program in the Jubilee Room, the club will hold its annual Christmas bazaar at 10:30 a.m. The entire affair will benefit the music scholarship program of the Schubert club and Friends of the Library at the University. Tickets for the luncheon are \$2.

Mayor Partney said he has a tentative offer from a business firm for a suitable site of four to five acres along Rock road near the Route 181 construction. "Maybe other property owners will come forth," he said, adding that the downtown tract designated for Urban Renewal, a program rejected by the council "would have been ideal."

The mayor was authorized to gather the pertinent data and make a presentation at next Monday's hearing.

Offices to be included in the building would be—Department of Public Aid, Department of Children and Family Services, Department of Mental Health, Department of Public Health, Vocational Rehabilitation and Crippled Children Services.

Counties to be served would include Bond, Clay, Clinton, Crawford, Edwards, Fayette, Jasper, Jefferson, Lawrence, Madison, Marion, Monroe, Richmond, St. Clair and Wabash.

IN A STEW OVER DINNER?
I surely never hope to view A steak as luscious as a stew. The latter is the tasty goal of elements in perfect whole. A most assemblage of legumes Exuding warm abrasion fumes. Each seasoning of proper length. Prevailing in Union there's strength. A steak is grander, it is true, Yet needs no special skill to know. It is on not a stew to make. But anyone can broil a steak. —Unknown Author (1880)

Mrs. Margaret Stover, library chairman, was introduced and she in turn introduced her committee. Mrs. Mildred Voetpaul, graduate regent who recently received a green cap, was presented with a corsage by Mrs. Virginia Sever of the College of Regents, and was given a "green beanie" shower.

An invitation was read to another "green beanie" shower at the Belleville chapter Nov. 29 at 8 p.m. Also announced was a past regents banquet Nov. 27 at 8 p.m.

Prizes last night were won by Mrs. Marie Hampton, Mrs. Frances Westbrook and Mrs. Thelma Pruitt.

A dinner for the Queen of Hearts and her maids will take place Dec. 2 at 6:30 at the Rose Bowl.

Auxiliary 113 Plans Yule Party

Tri-City Unit 113, American Legion Auxiliary, met last night to plan for Christmas.

There will be no meeting on Nov. 22.

The Madison-Bond County Council meeting will be held at the Post home next Wednesday, and the Auxiliary's annual Christmas party will be Dec. 13.

Mrs. Pauline Birks presided, and contributions were made to National Security and Americanism, and to hospitalized war veterans.

In a social hour, prizes were awarded to Dorothy McCain, Mrs. Birks, Mrs. Mildred Ross and Mrs. Helen Qualls. The special prize went to Mrs. Alma Klaus.

BETROTHED. Miss Linda Bertrand, whose engagement to Michael A. Morgan has just been announced. She is a daughter of Mrs. Blanche Bertrand, 2422A Grand avenue, and H. K. Bertrand of East St. Louis. Mr. Morgan's parents are Mr. and Mrs. William Morgan, 2021 Johnson road. Wedding plans were not announced.

Family Observes Three Events

Mr. and Mrs. Robert Whittaker, 2228 Orville street, entertained with an open house Monday evening in observance of the birthday of their son, William Whittaker, and the fifth birthday of their grandson, Ricky Buer.

The occasion also served to celebrate the 14th wedding anniversary of Mr. and Mrs. William Whittaker. A social time was enjoyed and a buffet lunch was served the guests.

Among those present were Mr. and Mrs. William Whittaker and family, Mr. and Mrs. Richard Buer and family, Mr. and Mrs. Floyd Eaton and family and Mr. and Mrs. Oscar Murphy of DeSoto, Mo.

Rollettes Club Holds Meeting

Mrs. Marilyn Aldridge entertained the Rollettes Club at a party in her home, 2506 Propros street, Tuesday evening.

The birthdays of Mrs. Bonnie Vaughn and Mrs. Helen Randolph were observed, and prizes in the games went to Mrs. Connie Tinsley, Mrs. Edith Wolford and Mrs. Mary Wolford.

Others present were Mrs. Betty Brooks, Mrs. Phyllis Mosby, Mrs. Reatha Bladefield, Mrs. Nellie Nichols, Mrs. Jeanette Wilson and Mrs. Jean Wyatt.

A dessert course was served, and plans were made for a Christmas party at the next meeting.

MISS NULL, LARRY BOUWMAN ENGAGED

Mr. and Mrs. Charles Null of St. Louis are today announcing the engagement of their daughter, Faye Lillian, to Larry M. Bouwman, son of Mr. and Mrs. Louis B. Bouwman, 3100 Wayne avenue.

The wedding will take place Saturday, Nov. 25, at 7 p.m. at St. Peter's United Church of Christ, 6905 St. Louis avenue, Normandy, Mo.

Miss Null will be honored at a bridal shower Sunday at the Rose Bowl restaurant, given by the prospective groom's mother, Mrs. Bouwman, and his sister, Darlene Bouwman.

AMVETS AUXILIARY MAKES HOLIDAY PLANS

Post 51, Amvets Auxiliary, met last night with Mrs. Agnes Conkovich, president, in charge.

Three packages were sent to servicemen in Vietnam, and plans were made for a Christmas party Dec. 16. Also discussed were arrangements for collecting canned goods and other foods for Christmas baskets.

The Nov. 22 meeting of the group has been cancelled due to the Thanksgiving holiday.

MARYVILLE PARENTS HEAR TALK ON PANAMA

Open house was held at Maryville school Tuesday evening for parents and friends of the students. A PTA meeting followed, with Mrs. Mary Church presiding.

Reports were given by Mrs. Susan McGannon, secretary, and Mrs. Laverne Malzynski, treasurer. Mrs. Mary Sivoli, ways and means chairman, reported current projects and said 71 members are enrolled in the PTA unit.

Marlin Choats, safety chairman, reported on rainwear for patrol boys and said he has more Helping Hand posters for parents.

Guy Lahr, program chairman, introduced Leopoldo Kilingbeck, an SIU student from Panama. He told of the school system in Panama and showed slides of the country.

George Martin was awarded the evening's prize. The PTA board will meet at the school.

Madison H. S.

Madison Mayor Maeras stepped into the school problem Tuesday night after the school administration called off the meeting set for 7 p.m. in the high school auditorium.

The mayor, confronted by an unruly, mixed crowd of white and Negro parents on the Madison high school lawn shortly before 8 p.m., when the crowd refused to accept cancellation of the meeting and demanded the appearance of school officials.

Cancellation Notice Broadcast

Notice that the meeting had been called off was broadcast by radio and television during the early evening hours, but a gathering of more than 250 persons assembled in front of the school by 7 p.m.

Several squads of police were sent by Police Chief Pizia to the school to notify parents of cancellation of the meeting. Spokesmen for the group told police:

"How could they (school officials) call it off? We called this meeting."

The school was locked, however. Parents told police they would not leave until the school board showed up. Chief Pizia appeared a short time later, but did not address the crowd. A short time later, Mayor Maeras relayed a message to Pizia over police radio, inquiring if it appeared advisable for him to come to the school. The broadcast message was audible to the crowd which began calling for the mayor to come to the high school.

Mayor Arrives Soon

The mayor arrived within five minutes. Using a microphone on the amplifier of a police squad car, Mayor Maeras told the crowd that he learned the meeting had been cancelled because "undesirable outsiders" were being organized to attend the meeting, and that such a situation would endanger the safety of everyone.

Maeras said he was notified the meeting had been cancelled by Supt. Draglich on the basis of information from reliable sources "concerning the planned invasion of the meeting by outside groups" that have nothing to do with the Madison high school or with Madison.

The mayor told the people "I haven't been involved in this and don't know too much about it, but I'm here to help you get your problems settled. I come into this with an open mind and I want to suggest first that we invite Dr. Lee (Mayor John E. Lee of Venice) to this meeting because 75% of our Negro population in the school comes from North Venice."

Not Madison Agency

The mayor explained that the Madison high school is not strictly a Madison agency, pointing out that it is known as Community Unit District 12 and takes in much territory outside the Madison city limits.

He told the crowd that when he was notified the meeting was planned at the high school at 7 p.m., "I immediately instructed the police department to call in off-duty police and to ask state police and the sheriff's office to stand by in case there was trouble."

"About 5:15 p.m., Mr. Draglich called me at home to tell me the meeting had been called off because of fear of outside interference," he said. "I am sure these problems can be resolved and you should work with the school board."

Boos and cries of "we've been trying" met this statement.

Suggests Committees
"I would suggest," said the mayor, "that the Negroes appoint a committee and the white parents name a committee and that they get together," the mayor suggested.

"We've already done that, too," someone called.

"That shows here," he said, "I am on this thing," the mayor said.

The mayor asked the crowd: "Would you like for me to represent you on this matter in meetings with the school board?"

"No, no, no," negative, nay," the crowd shouted.

"Then I really don't have any reason for being here," the mayor remarked.

While the mayor was talking, he was interrupted several times by shouts of "we want the school open . . . our children want to go to school . . . why did they close the school?" to which the mayor responded that he did not, at the moment, have the answers.

Want Open Meeting

The mayor finally asked: "What is it that I can do to help you?"

The crowd responded that it expected the reopening of a meeting with the school board, that it had been trying since the trouble started to meet with school administration officials, that school officials had avoided them, and that they wanted to have the meeting that originally had been set

PARENTS' GRIEVANCES

over surprise shutdown of Madison high school are discussed in television interview by Thomas Watson and Leo Pyle, parents and spokesman for a large delegation who tried all day Tuesday to meet with the school board or talk with some school board members about the situation. Major complaint was that school officials could give no adequate reason for closing the school.

By Press-Record Staff Photographers

up for Tuesday night. Mayor Maeras replied that he would "try" to arrange a meeting with the school board Wednesday on the same basis as the one that had been arranged for Tuesday night but which had been called off.

"I'll use what influence I may have to see if we can arrange the meeting," mayor said.

Laid Off Work
The crowd, however, insisted on a definite time. At least a half dozen persons pointed out they had lost a day's work to attend meetings at the high school, only to find them cancelled.

The mayor said he would try to arrange the meeting for 7 p.m. Wednesday.

A group who had been on the small committee that submitted the list of questions to the school board earlier in the day, told the group that it should accept the mayor's promise to intervene. The crowd began to disperse.

The mayor, the Press-Record learned, went immediately to his office and put out calls for as many school board members as could be reached.

Maeras would not list by name the school board members with whom he met.

Agreed on Meeting
"Let's just say that a representative group of school board members met and it was agreed to hold a meeting with the parents," the mayor said.

"This was not an official school board meeting, just a discussion of the problem to bring me up to date on what has been happening," the mayor added.

Yesterday, as a result of the meeting in the mayor's office, an official call for the 7 p.m. meeting was issued by Draglich's office.

The 7 p.m. Tuesday meeting was arranged Monday by a delegation of about 150 white parents in a meeting with Principal Dant, while at the same time a delegation of Negro parents and NAACP representatives was meeting at the school board office.

Neither group was aware at the time that the other meeting was being held.

Board Members Absent
School board members did not appear at either meeting, but after both sessions broke up, Draglich went to the high school where he went into a conference with Dant and a special meeting of the board was convened at the high school in the evening.

Meeting, according to reliable sources, lasted well past midnight, into Tuesday morning.

Board members acted on a recommendation by Dant in deciding to close down the high school until racial tension could be eased and the extracurricular issues could be resolved.

The delegation of white parents who had met Monday morning with Dant at the high school, meanwhile, had learned of the meeting between Draglich and the Negro representatives and that Draglich had reassured the Negro group that school officials would take some action in resolving their complaints concerning the number of Negro cheerleaders in the school's athletic program.

Draglich previously had met with the same Negro group last Thursday.

This information and the loss of high school pupils Tuesday morning touched off a new effort by white parents to meet with school board members and Draglich "to find out what is going on." By this time the effort to obtain a meeting with board members became a joint effort of both white and Negro parents.

Insisted that they hear from the school board as to why the school was closed down and what was going to be done about it.

Call Outroom Meet
Word went out that an interim meeting of parents in advance of the scheduled 7 p.m. Tuesday session, would be held at the high school at 1 p.m. in another attempt to meet with the school board.

Board members met at the high school Tuesday morning and afternoon.

By 1 p.m. approximately 150 parents had gathered in front of the school and promptly at 1 p.m. Leo Pyle, 1544 Second street, one of the spokesmen for the group, held open the door of the main entrance and shouted to the group to "come on, let's go in." The delegation went into the main school corridor.

They were met by a faculty member who said he would open the auditorium to the group and that "the board members will be down soon."

Most of the group went into the auditorium and were seated, while spokesmen for the delegation remained in the corridor.

A few minutes later, according to Henry Scott, a member of the group, they were contacted by school officials and asked to send a small delegation to the school meeting with a prepared list of questions to which the group sought answers with the understanding these answers were to be given by the board at the 7 p.m. meeting. The list was prepared and submitted.

Scott said later the questions involved existing rules and regulations of the Madison high school and the school board's plans for reopening the school. "We were not to receive any answers in the afternoon meeting, but the board said the answers would be given Tuesday night," Scott said.

About 100 persons continued to wait in the auditorium, but school board members made no appearance and the parents filed out about 1:30 p.m.

Parents told newsmen Tuesday that they had been unsuccessful in meeting with school board members at any time and complained that Supt. Draglich failed to appear at the meeting they held Monday with a delegation of about 150 white parents and that, although they had requested he be present.

Members of the delegation complained repeatedly of lack of communications with school officials who met behind closed doors since Monday and shunned an open meeting with the group of parents as whole. Mothers particularly complained of the shutdown of the school and said they had been given no adequate explanation.

Explanation Lacking
Mrs. Delores Gasho, 1812 Market street, who gathered with other mothers at the school entrance Tuesday morning after the pupils had been sent home, said she had tried to find out why the school was closed "but no one will tell me anything. We haven't been able to get anything out of the school officials."

She said the parents were present "to find out what is going on. We haven't been told anything. We drive by the school and see all these things (racial tension) and worry about sending the children to school. Our children are here to get an education but the teachers can't educate them with all this confusion. We have rules and regulations for the school and everyone should be made to follow them, no matter who they are."

Thomas Watson, a special GMAO Railroad agent and the father of a daughter who is one of the school's six cheerleaders and a son who is on the football team, said he was told to get out of the high school when he went in to find out why no classes were being held.

Stick to Rules
Watson, foremost a on g spokesmen of the parents group, said the parents are demanding that the high school administration "stick to the rules and regulations which we now have . . . if they want to change the rules for the next school year, that's okay, but that we are halfway through a semester, we want to abide by the rules and regulations already in effect."

"When I went in to find out why the school was closed, a school board member put his finger in my face and told me to get out, that I had no business in the building," Watson said.

A few minutes later Dant told newsmen that a board

meeting was in process, but that it was a closed session and was not open to the press. Racial unrest broke into the open at Madison high school on Oct. 31 during the noon lunch hour when a group of about 75 Negroes gathered on one school sidewalk and a group of whites on the other. Negroes shouted "black power" slogans. There was no violence, however, although one fight between a Negro and a white student was reported.

Cause of Disension

Principal cause of the outburst by Negro students was based on complaints that there is only one Negro cheerleader among the six that are elected by the faculty, the school's Pep Club and the cheerleaders themselves on the basis of tryouts which are held in early fall. Madison high school has an enrollment of 750 pupils. About 40% of the students are Negroes, most of whom live in West Madison and North Venice. North Venice is in the Madison Community Unit District 12.

The trouble deepened, however, when Coach Harland Scheibel suspended 17 Negro members of the football squad after they boycotted practice sessions. Mark Wells, 16, a white student on the football squad, told the Press-Record that the suspension later was lifted by Coach Scheibel with the understanding that the Negro players show up regularly thereafter for practice sessions.

Wells said the white students on the football team resented relaxation of the rules by the coach, and agreed that they would walk off the field if the Negro players were put back on the squad. The Negro players, however, missed practice again. They did not play in last Friday's game against Roxana and the Madison team was defeated 38-6.

Wells said that the white student members of the football squad discussed the school administration's promise to lift the suspension against the Negro members and "most likely" will play in the final game on Monday night, even if the Negro players are allowed back on the team.

"That's the last game and there's no point in letting the school down," young Wells said. Cancellation of the Friday game with Bethalto high school was announced yesterday.

Cheerleader's Comments
Barbara Washenko, Pep Club president, told newsmen she felt the outbreak was due to the selection of only one Negro cheerleader. She said that many Negroes do not apply for Pep Club tryouts because they have to take the school bus to their homes in the afternoon when the tryouts are held. After the tryouts, the cheerleaders are selected by votes of the faculty, the Pep Club and the other cheerleaders. Application for tryouts is made in early fall.

Wells said that the late sessions held throughout the summer. Tryouts are then conducted and new cheerleaders selected.

Banned From Basketball?
According to Mrs. Thomas Weston, president of the Madison branch of the National Association for Advancement of Colored People, she interceded Monday because she had been told that Negro athletes were banned from playing basketball because of their boycott of football practice.

She said that she and her delegation that met with Supt. Draglich were told that the boys could play basketball and the matter would be resolved.

"But," she said, "it looks today (Tuesday) as if everything has changed." Mrs. Weston expressed surprise at the school shutdown. She said she did not know of the meeting of white parents with Principal Dant Monday while she and others were meeting with Supt. Draglich, and said she did not believe there should be separate meetings of the parents.

While no particular reasons were given for closing the school, it was learned from students and parents that numerous incidents have been occurring inside the school in recent weeks.

Searched Lockers
One mother said she learned that school officials made a search of lockers in one instance, after it was reported that guns had been seen in the school. The search reportedly turned up two water pistols. Students reported that "black power" slogans have been written on basketballs, footballs and other objects inside the school.

Groups of Negroes also were reported to have gathered in school stairways, shouting verbal blasts at white students and repeating "black power" slogans, according to a parent.

In another instance, mimeographed slogans were circulated throughout the school.

Negroes were reported to have boycotted the school cafeteria because there were not enough Negro workers in the kitchen, but this has not been made a point at issue by either white or Negro parents.

Plans Announced for Smorgasbord Nov. 19

The annual Madison Rotary benefit smorgasbord at 11:30 a.m. to 8 p.m. Sunday, Nov. 19, will feature ample quantities of five meat dishes, Chairman Leo Schermer reported at yesterday's weekly Rotary luncheon.

There will be turkey and dressing, ham in raisin sauce, hot and cold corned beef, stuffed cabbage with sauerkraut and roasted Polish sausage. Also served will be varieties of vegetables, salads, fruit, pies and cakes.

James Harrison, who made an extensive tour of Europe this year after completing his tour of duty with the U. S. Air Force in Germany, presented photographic slides of European scenes. He was introduced by Frank Fijan.

Dr. J. E. Weed spoke to the club on the United Fund, saying it discriminates against chiropractic patients by its support of an agency, the Visiting Nurses Association. He said the agency aids medical patients only.

County Residents Buy \$414,792 U.S. Bonds

Madison County residents purchased a total of \$414,792 in series E and H United States savings bonds and Freedom Shares in September according to Henry D. Karandjef, local banker and general county chairman of the savings bonds committee.

Purchases in the state of Illinois were \$25,847,718 according to Arnold J. Ruten, state director of the Treasury Department's savings bonds division. This is 7.7% below the total for last September and accounts for 7.3% of national sales which were \$348,000,000. As of Sept. 30 the dollar amount outstanding was slightly over \$51 billion, or 24% of the publicly held portion of the public debt as of Aug. 31.

Radar-detected speeding was charged against William D. Cox, 2504 West 20th street, in the 2900 block of Madison avenue at 10:50 last night.

Set Hours for Issuing Skating Rink ID Cards

Identification cards will be issued at the Wilson Park ice skating rink tomorrow, Saturday and Monday, Park Supt. Harold Brown announced today. The hours will be 4 to 7 p.m. tomorrow, 9 a.m. until noon Saturday and 4 to 7 p.m. Monday.

The superintendent said a total of 102 women turned out for the first "housewives instruction" classes at the rink Wednesday morning. Free instruction will be given skaters in classes that will be set up. Hockey skill instruction will start at 8 a.m. Saturday and free skating instruction from 11:30 a.m. to 12:30 p.m. also will be initiated Saturday. The instruction classes are open only to residents of Granite City.

Faces Three Charges

John R. Kison, 32, of Edw. p.m., Wednesday on charges of improper use of license plates, no valid state plates and disorderly conduct. He was released on notice to appear.

Leaves Scene, Arrested

George H. Askins, St. Louis, was charged with leaving the scene of an accident after his auto struck the left front of the auto of Wilbert J. Hemken, 2415 Adams street, while it was parked in front of his home at 8:30 p.m. Wednesday. He was picked up by police after Granite City police relayed a description of the hit-and-run car.

Driver Ticketed

Johnny T. Beard, Rural Route Two, was arrested at 8:30 a.m. today at 23rd street and Washington avenue on charges of failing to transfer his auto title and with improper use of an auto registration card and plates.

Drives without License

Clarence W. Lancaster, 2127 Grand avenue, was arrested at 8:30 a.m. today at 23rd street and Washington avenue on charges of driving without a license and having no city auto license sticker.

Exposes Self, Flee

A man in a blue station wagon exposed his person to two teenage girls at 8:30 last night at 24th and Kate streets and then drove away, police were notified.

City Auto Sticker Drive Under Way

A crackdown on Granite City motorists who fail to display city auto license stickers is being conducted by Granite City police today.

The drive opened Wednesday at 43 drivers were arrested, and 30 more drivers were ticketed by mid-morning today. They are summoned to appear by Dec. 1. Fines generally are \$5 plus \$5 costs, in addition to the purchase of the \$3 license.

Some motorists who had paid the fee do not display the sticker as many have peeled off of windshields during the summer months. Over 15,000 stickers have been sold.

Two Youths Arrested

Two youths were arrested after a window of the apartment of William McEwan, 4503 Kirkpatrick Homes, was broken at 3:30 a.m. today. Glass fell on a couch where someone was sleeping, but no one was injured. Charged with disorderly conduct were Donald Dayton, 18, of 3904 Lake drive, and George Turner, 21, of 2126 Washington avenue.

8 Persons Hurt In 20 Accidents Here This Week

Four persons, all in one auto, were injured when a car driven by Leonard Sheldon, 22, of O'Brien, collided with another driven by Edward Blockhoff, 31, of Wood River, at 4 p.m. Monday at Chain of Rocks road and Route 3.

Taken by ambulance to St. Elizabeth Hospital were Sheldon, Carla Jacobson, 30, of 5008 Kirkpatrick Homes; Roy Yount, 27, of 2612 East 24th street; and Elizabeth Birk, 28, of 3204 Kirkpatrick Homes. Burglars Loot Office Here, Take Two Typewriters

One electric and one manual typewriter were stolen in a burglary of the office of the Granite City Metal Decorating Co., 1309 Niedringhaus avenue, it was reported at 10:15 p.m. Wednesday. The burglary occurred within the previous hour and the office with the plant apparently was pried open with a crow bar.

Burglars broke into the home of Mrs. John Corrie, 1301 Robin street, and stole \$20 in change, \$10 worth of half-dollars and a radio, according to a report to Venice police, Monday afternoon.

Stole Auto Found
An auto owned by Ervin Rosen, St. Louis, reported stolen from the 2300 block of Grand avenue at 9:15 p.m. Wednesday, was recovered at 24th street and Grand.

Harold Emerson, 2713 Saratoga avenue, reported at 11:20 p.m. Wednesday that his tan, 1965 four-door auto was stolen from the parking lot of the Suburban Baptist Church, St. Clair avenue and Maryville road.

Mrs. David L. Burris, 2413 Wilson avenue, reported at 10:15 p.m. Monday that her 1957 four-door auto was stolen from 23rd street and Madison avenue after 10 p.m.

Mrs. Evelyn Crawford, 69, Dies at Home
Mrs. Evelyn Boyd (Cavitt) Crawford, 69, of 3128 Wayne avenue, died at her home at 6 a.m. Tuesday. She had been ill nine years.

Born at Palmer, Tenn., Mrs. Crawford had resided in Granite City for nine years and in Madison six years. Prior to that time, she lived in St. Louis.

Survivors include her husband, James Crawford, manager of Houser Automotive Co.; one son, Lee McClean of St. Louis; a daughter, Mrs. Clarence R. (Crystal Glee) Livesay Jr., of Granite City; two sisters, Mrs. Edward (Clarabel) Ahring, Old Monroe, Mo., and Mrs. Raymond (Pauline) Willis of Montgomery City, Mo.; one brother, Mike Cavitt of Forrest, Mo.; three grandchildren and three great-grandchildren.

Funeral services were held today. Arrangements are given elsewhere in this issue.

John Chaney, 54, Dies; Retired Steelworker
John Chaney, 54, of 1309 Washington avenue, Madison, died of pneumonia at the Pleasant Rest Nursing Home, Collinsville, at 10:20 a.m. yesterday. He had been ill one month and entered the nursing home 12 days ago.

A Madison resident for 38 years, Mr. Chaney was retired on disability from American Steel Foundries. He was born at Mason Town, Pa., and had lived at Ziegler, Ill., before moving here.

Mr. Chaney, who was unmarried, leaves two brothers, Steve and Joseph Chaney, both of Madison.

Funeral arrangements are given in today's obituary column.

LEWIS AND CLARK PARK DEVELOPMENT TOO SLOW

Taking another look at our previously declared optimism regarding the proposed expansion of the three-acre Lewis & Clark Memorial Park, it has been almost a year now since a compromise agreement was reached between the park enlargement and industrial groups relative to the amount of land and riverfront to be allocated to each project.

This agreement was worked out in a very short time after Gov. Otto Kerner, under executive order of Aug. 1, 1966, appointed a statewide Illinois Lewis & Clark Trail Commission.

On Jan. 25, 1967, this committee met in Springfield, in the office of Gene Graves, director of Business and Economic Development, and organized to carry out the park development plan stipulated in the executive order.

The greater part of the land, as agreed upon, to be used for the Lewis & Clark Memorial Park expansion is owned by the American people, the United States government.

While I have repeatedly expressed great faith that the project would soon get underway, we are compelled to express anxiety at this time, because of the apparent long delay in the transferring of, especially, the government land for park purposes.

One reason for our concern stems from a recent letter from William T. Lodge, vice chairman of Governor Kerner's Illinois Lewis & Clark Trail Committee, to the Committee's secretary, Mrs. Peter Klumick. Mr. Lodge stated that no land has, as yet, been set aside for the park development.

I was greatly surprised when I read in an area newspaper recently where Mr. Lodge, as director of conservation, forth plans to expand parks throughout Illinois by 42,000 acres with no mention of addressing even a token of land to the little Lewis & Clark Memorial Park.

Incidentally, every state included in the 11-state Lewis & Clark Expedition Trail is making great headway, with hundreds of acres being set aside for park purposes, save one—the most important of all, historically, where the expedition was planned and started—our own great state of Illinois.

Thus, without further progress can be made to carry out Gov. Kerner's Illinois Lewis & Clark proposal.

The committee appears to be at a stalemate. Nine of the 14 people appointed by the governor and serving on the state

committee are from the local area and represent several Historical Societies, Chambers of Commerce, Region Eight Tourism, Southwestern Illinois Metropolitan Area Planning Commission, Madison County Board of Supervisors and Tri-City Regional Port Authority.

These local area representatives were led to believe that until they settled their differences, no progress could be made toward setting aside land to expand the Lewis & Clark Memorial Park.

May we ask this question? What has happened? No one seems to be willing to assume the responsibility for the answer to this question. Is it time to appeal to Gov. Kerner again?

WELL SATISFIED WITH HOSPITAL TREATMENT

To the Editor:
Not having been a patient at St. Elizabeth Hospital since March 1924, I had not kept in close touch with its service. I have heard great things of the service or costs, but I disagree with such criticism after a 40-day stay there in September and October.

I had fallen down stairs in an accident at home last April. I was hospitalized at the time for 17 days in Highland. I left there too quickly, and later entered the hospital here on an emergency basis.

My doctors with the aid of a top-flight and cooperative staff enabled me to return home with the hope for another 20 years of active life.

I thank God and the entire staff, from doctors to Candy Strippers. They are the best.

With future advancement in additional equipment, we can boast of one of the best hospitals in the St. Louis metropolitan area. Let us promote and build St. Elizabeth Hospital; you do not operate a top service hospital on peanuts.

How well I know this, with the inflation generated by increasing costs of labor and supplies, it takes much operating capital.

St. Elizabeth Hospital is operating with courage, top administrative ability and a great deal of good common sense. Let us all help them whenever we can.

I salute them one and all. I am now on the road to recovery and am well satisfied.

Check Stock Price, Sales Trend

By THOMAS E. O'HARA
Chairman, National Association of Investors-Checkers

Q. I bought some General Aniline & Film in 1965, paying \$4.00 a share. Since then the price has gone down to \$2.00. I'm discouraged and wonder if I should sell.

A. You are doing something which leads a great many people to serious errors in the stock market. It looks to me like you are looking at the price of this stock and not making any effort to understand what is in back of the price.

Admittedly, it is very discouraging to buy a stock at \$4.00 and then see its price drop to \$2.00 to \$2.25 a share.

But, if you look at the important part of the record, since you bought the stock in 1965 its sales have gone from \$240 million to \$484 million in a year.

While earnings per share have not shown the same kind of growth, it seems possible that they will do so in the not too distant future.

It seems to me you paid much too high a price for the stock when you bought it. At the lower price it appears to be a much better value and I certainly would not be inclined to sell it at this time. This is the time you should have done your buying.

I wouldn't expect the price to double overnight, but with the sales growth the company is having and the prospects of earnings growth, it seems the price is likely to eventually show some improvement.

Q. I formed an investment club and when I went to my broker he said he didn't care to handle the account. Who wouldn't a broker want this kind of business?

A. I can think of two reasons. No. 1, your broker may never have learned some of the techniques of handling investment clubs efficiently and consequently may feel that clubs take too much time.

Venice Teachers Training to Aid Underachievers

Robert N. Vickers, Venice assistant superintendent of schools, reported to school board members Monday evening that an in-service training workshop for Venice teachers was initiated that day at Lincoln school.

The workshop series is being offered under the state's gifted children's program, with Venice faculty members concentrating their efforts toward underachieving and underprivileged, Vickers said. Twelve teachers attended the initial session, with this number expected to increase as the course progresses, he added.

Primary purposes of the twice-monthly after-school workshop is to learn, discuss and evaluate new and better methods of reaching, underachievers and disadvantaged students, Vickers explained. Any funds required to conduct the training education authorities.

"Through the workshops, our teachers will be given an opportunity to inspect and visit school systems with established underachiever programs," he said. Visits may be planned to such schools as Carver elementary school in Chicago, University City, Mo., Granite City, Edwardsville and the Signal Hill school district near Belleville.

If participating teachers are required to take field trips during school hours, state funds are to be provided to defray the cost of hiring substitute teachers.

HE WAS TOLD he had "no business" being in the Madison high school building Tuesday morning, Thomas Watson, (center, with hand in pocket) father of two pupils, told newsmen Tuesday morning after he had attempted to learn why Madison high school was shut down. The school was closed without notice to pupils or teachers who showed up for classes. Watson said a school board member threatened to "bop me one."

E. D. Kincaid Attends Seminar; Visits Here

E. D. "Bud" Kincaid of Houston, Tex., former personnel director at the Union Starch and Refining Co. plant here, visited several friends in the Quad-City area Monday.

Now employed as a mediator with the Federal Mediation Service at Houston, Kincaid was in the area to attend a regional seminar, dealing with new and revised labor relation policies and practices. The two-day series of workshops and conferences ended yesterday in St. Louis.

Tri-City Park Tabernacle Dedication to be Sunday

Dedicatory services for Tri-City Park Tabernacle, a \$375,000 church edifice, Maryville road and Clark avenue, will be conducted at 2:30 p.m. Sunday, Rev. Lloyd Shoemaker, pastor, announced today.

Principal speaker at the public dedication ceremony will be Rev. T. E. Gannon, assistant general superintendent of the Assemblies of God International headquarters at Springfield, Mo.

Other distinguished churchmen to speak Sunday afternoon include Rev. E. M. Clark, district superintendent, State of Illinois, and Rev. Richard W. Dortch, secretary-treasurer of the Illinois district of Assemblies of God.

Dr. Raymond E. Troyer, president of the Quad-City Ministerial Association, Mayor Donald Farney and other civic leaders also will be present, Rev. Shoemaker said.

Construction of the new church complex, with seating for 1100 persons began one year ago. The new structure replaces a tabernacle started in the Tri-City Park area in 1928, when members of the First Assembly of God Church at 24th and Grand avenues, pastored by Rev. Carl O'Guin, now minister of Trinity Tabernacle in Madison, founded the church by pitching a tent.

The new Tri-City Park Tabernacle's burgundy brick exterior is accentuated with three light crosses, embedded in a circular dais near the main entrance. The interior, decorated in harmonizing shades of burgundy and white, is fully carpeted in deep Cathedral red, with upholstered pews in gold fabric.

A white plastered choir loft with seating accommodations for 45 choristers is illuminated with a unique lighting system, permitting varied intensities of colors to be adjusted to different religious settings.

Beside the rotunda and chancel area, the new structure contains 114 master-size classrooms, offices for the pastor, youth director, secretaries and Sunday School officials.

A fellowship hall, with adjacent modern kitchen facilities, will accommodate approximately 300 persons and a nursery area also has been included.

Other special features of the new edifice include a bride's parlor, where the bride-to-be may prepare for the ceremony in private, a suite for visiting church dignitaries, a prayer chapel, library and conference room.

Rev. Shoemaker said a 26-page pamphlet relating the history of the church recently was published and will be presented to those attending the dedication ceremony.

At the 10:30 a.m. Sunday morning service, Rev. Clark will give the message, while addressing the 7:30 evening service will be Rev. K. D. Baten, pastor of the First Assembly of God Church at Sioux City, Iowa.

REV. T. E. GANNON
Dedication Speaker

Rev. Gannon again will speak at a special rally at 7:30 p.m. Monday, Rev. Shoemaker said, when representatives of 25 Assembly of God churches from the greater St. Louis metropolitan area will participate. General contractor for the new building was Wilbur Thompson Co. of Bethalto, with

Army Depot Union To Negotiate

Negotiations are scheduled to start next Monday at the Granite City Army Depot to strengthen the present contract for 1100 workers represented by Local 149A of the International Union of Operating Engineers, AFL-CIO.

A spokesman for the union said the contract has not expired, but that the union seeks to improve working conditions in the negotiations.

Good Grooming Classes For Scouts, Students

Mrs. Helen Cockrum, educational director of Joseph's School of Hair Fashions, held a good grooming class Monday evening for 15 girls and Girl Scout Cadettes from Madison, and their mothers. Individual points on styling their hair were given each girl.

Tuesday morning, a special education class was held for retarded children from Central school, and there were free hair styles.

Fund Transfers Under Fire by GC Council

Fund transfers from the sales tax account to pay sewer maintenance bills and special improvement project engineering fees came under fire Monday night during the Granite City council session.

Alderman Rutledge, chairman of the Finance committee, called for a special legal opinion on the council's action to establish a special sewer fund for payment of bills that normally would be paid from the sewer maintenance account, which has an \$83,885 deficit.

State law forbids checks to be written on city accounts with deficits, and Rutledge challenged legality of the council's "evasive action" in establishing a special account in order to pay utility bills for lift stations in the sewer system.

City Treasurer E. R. Rich said council action of two weeks ago, when the bills were approved for payment under the special sewer fund, would clear the way for writing the checks.

"That means," Rutledge said, "if we run out of money in the street department and can't write checks to pay bills, then we can set up a special street

fund and transfer money to it.

Calls for Legal Ruling

That doesn't seem legal," he added, calling for City Atty. Allen to prepare a legal opinion.

The council over the past several months has refused to wipe out its sales tax reserve by transfer of funds to cancel the deficit built up in the sewer maintenance account.

The resolution to transfer \$3000 sales tax to the special sewer fund to pay the bills was placed on first reading.

Approved was a resolution to transfer \$1906 from sales tax to the special improvement fund for payment of fees to Research Planning & Design for planning and specifications.

City May Appeal

Another resolution to transfer \$11,750 from sales tax to pay the \$11,750 awarded by the court in a damage suit against the city was voted down pending a conference with Assistant City Atty. Norman Kinder to determine if the suit should be appealed. Kinder also is to be interviewed by the council concerning his recommendation for payment of a long-standing \$346 bill to Royal Chemical Co.,

Renamed to State Chamber Committee

C. E. Townsend, editor and publisher of the Press-Record, was reappointed today to the Economic Development Committee of the Illinois State Chamber of Commerce by E. Stanley Enlund, president.

"During the coming year the committee will be broadening its work in the fields of water and air pollution as they become increasingly important factors affecting growth and development," Enlund said.

Plans to help communities upgrade their industrial attraction programs are also on the schedule; and the committee will be reviewing various industrial development plans. These and other matters require the attention of persons like your- self who are concerned with the expansion of our state's economy."

Chairman of the committee will be Francis E. O'Connor, senior vice-president of Chicago Title and Trust Co.

Tavern Owner Bilked By Deceptive Practice

A case of deceptive practices involving a non-existent "Police Magazine of Missouri" was reported at noon Monday by Dixie McNeil, operator of Dixie's tavern, 2106 Grand avenue.

She said that during the week of Oct. 23 she received a phone call from a man asking the tavern to take a \$50 ad in the magazine. He was told that the magazine would donate \$15 instead, and on Oct. 30 a sloppily dressed woman, 35 to 40 years old, 5 feet, 4 inches, 135 to 160 pounds, came to collect the money and gave the owner a receipt. It was discovered later that the publication does not exist.

Dress Rehearsals Begin for 'Carnival'

The musical production "Carnival" is to be presented here Saturday, Nov. 25, by the Madison county community theatre group known as The Masquers. It is now in full production. The first rehearsals were held this week, and rehearsals with the 12-piece orchestra began this week. The performance is sponsored by the St. Elizabeth Hospital Auxiliary with all proceeds to be donated to the hospital's Building Fund.

"Carnival" written by Bob Merrill and Michael Stewart, was a successful movie production called "Lili" and starred Leslie Caron and Jose Ferrer. In 1961-62 the Broadway production won the New York Drama Critics Circle award as "Best Musical of the Season." The story concerns a carnival troop touring in Europe about a generation ago, and comes complete with clowns, acrobats, fire-eaters, and a magician. Lili, the leading character, is a lonely orphan girl torn between the magic of the carnival and her enchantment with Paul Berthelot, a puppeteer, and Marco the Magician, described as a rather flamboyant character.

Treats for Youngsters

Of special interest to young children, the puppets and clowns will pass out candy and balloons during each performance. Portraying the lead role of "Paul" is Frank Joachimsthaler of Collinsville. This marks his third appearance in a Masquer production and last year he won the "Best Actor of the Year" award for his performance in "The Fantasticks." He is the director and lead dancer of the Cahokia Mounds Indian Dancers and has performed at the Duquoin State Fair, and all over the United States and Europe with the State Department. He has recently appeared in St. Louis as a folk singer.

In the role of "Lili" is Mrs. Beverly Scroggins of Granite City. She has appeared with the Springfield, Ill., Theater Guild as the leads in both "Come

Blow Your Horn," and "Night Must Fall." She worked one season with the Shepherd of the Hills Summer Theatre in Branson, Mo. At present she is a theatre major at SIU-SW campus.

The part of "Marco, the Magnificent" the carnival magician is played by William Hoelscher of Granite City. He was active in stage work while a student at Granite City high school and the University of Illinois. In California he helped found and operate the Contra Costa Musical Theatre in Walnut Creek, and appeared in leading roles in "The Student Prince," "Anything Goes" and "Guys and Dolls." This marks his third appearance with The Masquers.

Supporting Roles

The Supporting role of Jacques is played by James Swank, who is a teacher at Mitchell school. He performed for two seasons with the professional stock company in Sullivan, Ill., where he worked with such people as Joe E. Brown, Pat O'Brien and Pete Palmer. He directed the last Masquer production of "Brigadoon."

The female comedienne, "The Incomparable Rosalie," is portrayed by Gail Armon of Collinsville. This is her third appearance in a Masquer production, but her first leading role.

The production is being directed by Mrs. Mildred Hoelscher of Granite City, and the musical direction is by Jack Butterfield of Collinsville.

The performance will begin at 8 p.m. in the Granite City high school auditorium. Tickets are on sale at the Press-Record, the Chamber of Commerce, and from any member of the Hospital Auxiliary.

Everyone gives watches FOR CHRISTMAS

Why don't you be different?

What's so special about watches, anyway? They're all made up of main springs and hairsprings. A balance wheel. And a lot of other delicate mechanisms. They have to be. It's those things that make a watch run. So it fast or slow. Or maybe not at all.

So why give someone an ordinary watch? You could give an Accutron® timepiece instead. Accutron has no hairspring. No main spring. No balance wheel. They're been replaced by a tuning fork. (That's it in the center of our Spaceview model.) The tuning fork does everything ordinary watchworks are supposed to do. Measure time. Only it does it more accurately. By vibrating 360 times to a second. And sending the hands around the dial so precisely, we can guarantee monthly accuracy to within a minute. About 2 seconds a day. Could a gift be more perfect?

From Impala, world's most popular car
The silent ride of quality for '68

Now there are more good reasons than ever why people should prefer Impala. Like all regular Chevrolets, it's even further ahead for '68!

A more hushed ride. Among other things, we refined and improved everything about the ride to make it surprisingly smooth and silent. Just try it and see. You'll find that our

engineers used electronic computers to pinpoint places where noises might develop, and installed a special network of rubber cushions to keep squeaks and rattles from disturbing your comfort. We doubt that you've ever driven a car that moves so noiselessly.

The look you like best. People have always preferred Impala's looks. So for 1968 we made it even more beautiful. We gave the grille a more masculine and masculine look. We gave the hood sweeping new lines and tucked the wipers neatly out of sight. We designed the taillights right into the rear bumper for a look you're sure to like.

We owe you the best. We figure we owe people more than other car makers do. Because it was people who put us in first place in the first place, and who keep us there year after year. We appreciate it.

CHEVROLET Be smart! Be sure! Buy now at your Chevrolet dealer's.

All Chevrolets are priced for greater value! The lowest priced 1968 Chevrolets are (models not shown): Corvair 500 Sport Coupe \$22,200.00; Chevy II Nova Coupe \$2,199.00; Camaro Sport Coupe \$2,565.00; Chevelle 300 Coupe \$2,518.00; Chevrolet Biscayne 2-Door Sedan \$2,558.00; Corvette Convertible \$4,220.00. Manufacturer's suggested retail prices including Federal Excise Tax, suggested dealer delivery and handling charge. Transportation charge, accessories, optional equipment, state and local taxes additional.

Public Notices

ADVERTISEMENT FOR BIDS

The Board of Supervisors, Madison County, Edwardsville, Illinois, will receive sealed proposals for the erection and completion of a Madison County Juvenile Detention Home, Edwardsville, Illinois, at 3:00 p.m. C.S.T. on December 8, 1967, at the County Court House, Edwardsville, Illinois, at which time and place all proposals will be publicly opened and read aloud.

Separate proposals will be received as follows:

1. General Work
2. Plumbing and Drainage
3. Heating, Ventilating and Air Conditioning

Each successful bidder will be required to qualify for and to furnish a satisfactory performance bond secured by a qualified Surety Company in the full amount of the Contract in accordance with Article 1 of the General Conditions and the Notice to Contractors.

The Contract Documents, including Plans and Specifications, will be on file after October 26, 1967 at the following offices:

John L. Kraynak, County Auditor, County Court House, Edwardsville, Illinois 62022.

Samuel E. Sumner, A.I.A., Architect, 1862A Washington Avenue, Alton, Illinois 62002.

Plan rooms of the F. W. Dodge Corporation located at 3842 West Pine Street, St. Louis, Missouri.

Southern Illinois Builders Association located at 7923 West Main Street, Belleville, Illinois.

Copies of the Bid Documents will be available on microfilm at Scan-Photom, Inc., 322 Hanley Industrial Court, St. Louis, Missouri.

Drawings and Specifications will be issued starting October 27, 1967 by the Architect, Samuel E. Sumner, A.I.A., 1862A Washington Avenue, Alton, Illinois, 62002 (Tel. 618-452-2597).

The procedure for obtaining plans and bid documents is as follows:

Prime Contractors requesting plans and specifications shall submit to the Architect a plan deposit check made out to the Architect, Samuel E. Sumner, in the amount of \$60.00, who will then mail two (2) complete sets of the bid documents, plans and specifications, collect to the Contractor, issuance of plans and specifications will occur within one week prior to the bid opening. The amount of plan deposit (\$60.00) will be refunded to those Prime Contractors actually submitting a bid, upon the return of the plans and specifications in good (unmarked) condition, to the Architect within ten (10) days after the opening of the bids. If a plan holder (Prime Contractor) does not submit a bid, but returns the plans and specifications in good (unmarked) condition, prepaid, to the Architect within ten (10) days after the opening of the bids, one-half (\$30.00)

of the deposit will be retained by the Architect to pay for the cost of printing.

Additional sets of drawings and specifications for Contractors, Subcontractors, Material Dealers, etc., may be purchased from the Architect for \$15.00 per set. This amount is not refundable.

The Board of Supervisors, Madison County, Edwardsville, Illinois, reserves the right to reject any or all bids, to waive any informalities in bidding, and to accept the bid that in its judgment will be in the best interest of the County after all bids have been examined and evaluated.

A certified check, cashier's check, bank draft, or bid bond, made payable to the Madison County Board of Supervisors, Edwardsville, Illinois in an amount of not less than 5% of the amount of the bid shall be submitted as a bid deposit with each bid, which said deposit shall be forfeited to said Madison County Board of Supervisors, if the bidder refuses to execute a contract upon acceptance of his bid, or fails to qualify therefore. Bid bond shall be secured by a qualified insurance company.

Contractors will be required to comply with all laws relating to the employment of labor and payment of local prevailing wage rates.

No bid may be withdrawn after the opening of bids for a period of 90 days thereafter.

Tri-City Grocery Co. honored members of its 25-Year Club with a dinner-dance Monday at Augustine's restaurant, Belleville.

Three new members were installed, with S. E. Pershall Jr., company president, presenting 25-year pins to Ed Wille of Edwardsville, Mrs. Iva Rittenhouse of Alton and Mrs. Dorothy Zajicek of Edwardsville. About 400 store managers, office and warehouse execu-

tives, their wives and guests attended.

Mrs. Ruby Jones of the firm's Carlinville supermarket was chosen "Checker of the Year" from about 300 checkers who participated in a recent voting contest. Her prize was a television-radio-phonograph combination.

Malvin Holdener of Caseyville, grocery manager of the firm's Loiselle Village supermarket in East St. Louis, accepted a plaque from Pershall for having the outstanding grocery department, and Leo Blacharczyk of Venice, meat manager of the Venice store, received the plaque for the outstanding meat department.

Entertainment and dancing followed the presentations.

Mayor Partney is Attending Seminar

Mayor Partney advised Granite City council members that he will be in Springfield today and Friday to attend special seminar on health care education in connection with location of a medical school in downstate Illinois.

The mayor has been active the past several years in a program of the Committee for Medical Education to strive for locating the medical school at Southern Illinois University-Southwestern campus here.

25-YEAR CLUB MEMBERS and the checker-of-the-year who were honored by S. E. Pershall Jr., seated lower right, president of Tri-City Grocery Co., at a dinner-dance Monday. The checker is Mrs. Ruby Jones (seated) of Carlinville, and the 25-year employees are, left to right — Edward Wille of Edwardsville, Mrs. Iva Rittenhouse of Alton and Mrs. Dorothy Zajicek of Edwardsville.

On Dean's List

Mrs. Sheryl Evans of 74 Harvey place, a senior at SIU-SW campus majoring in elementary education, was named to the

Dean's List with five A's. She is the daughter of Mr. and Mrs. Edward Glosik, 3709 Fair Oaks drive.

GO TO CHURCH ON SUNDAY

GC Kiwanians Endorse Conservation Project

Granite City Kiwanians endorsed Monday evening a statewide conservation project initiated by the Skokie Valley Kiwanis Club, through which bumper stickers will be distributed bearing the slogan "Save Our Lakes and Streams".

During the campaign, residents will be encouraged to write their state representatives urging stricter conservation measures and legislation to preserve lakes and streams.

The project was endorsed during a business-dinner meeting at the Rose Bowl. Melvin Gilie, club president, conducted the session.

Appreciation was expressed by Dennis Gillis to local club members for their cooperation in collecting eyeglasses for the needy. He told the group that a total of 400 pairs was donated by area residents, with contributions still arriving.

It was announced the annual "Kids Day" picnic sale, conducted by the club last month, was a financial success.

Navy Mothers Club Honors Marine Corps

Mrs. Norma Darnell of the Quad-City Navy Mothers reminds local residents that tomorrow, Nov. 10, the men and women of the U. S. Marine Corps will celebrate the 192nd anniversary of the Corps.

"With its history, pride and esprit-de-corps, the Marines have been America's first force in readiness for 19 decades," Mrs. Darnell said. "We, the Quad-City Navy Mothers join all citizens in offering congratulations and a special salute to America's 'soldiers of the sea' on this occasion."

Nearly 75,000 Marines are now serving in Vietnam, Mrs. Darnell reported. She explained the official motto of the Corps, "Semper Parati," means "always faithful" and the famed eagle, globe and

State Farm Bureau Meets Set Next Week

Nine companies affiliated with the Illinois Agricultural Association (state-wide Farm Bureau) will elect directors during annual meetings Monday to Thursday of next week in Chicago.

The meetings will be in conjunction with the 53rd annual IAA meeting. Directors will be elected to one-year terms. Wilbert Engleke of Granite City is a director of the Quality Vegetable Growers Association. It also was announced that the Land of Lincoln Soybean Association, the state's largest organization of soybean producers, has signed an agreement with IAA for management and field services.

Anchor insignia represents the Corps world-wide naval service.

WHITEWALL TUBELESS

Find another car under \$2,000 with all these advantages, and we'll buy it for you.

- 35 miles per gallon And that's an honest 35. (A lot of people say they get more.)
- Concave seats that recline for sleeping You know how soft foam rubber is. Well, that's the stuff we stuff our seats with. So if you sleep well at home you'll sleep well in a Renault 10.
- You'll sit well, too. There are 18 adjustable seat positions. And 18½ inches of seat travel to make up for short or long legs.
- Engine over the drive wheels In the winter you'll pass a lot of these big powerful cars. The rear drive wheels can really bear down on snow and ice because the entire engine is bearing down on them.
- 4 doors as standard equipment The two back doors make it easy to get to the back seat. Logical!
- 4-wheel independent suspension Independent suspension means each wheel can move up or down without moving the one on the other side.
- So when one wheel hits a bump, only one gets bumped. The other three keep the car and you going in a level position.
- 4-wheel disc brakes Because of this system's ability to withstand heavy braking without fade, they have long been used on cars capable of over 160 m.p.h. Imagine how fast they can make the Renault 10 stop.
- 4-speed synchromesh transmission This design synchronizes the speed of the shafts and the transmission to allow the gears to mesh easily. We have long shifting a lot easier on you and your transmission.
- Wet shoes When the cylinders wear out in a conventional engine, the whole engine has to be pulled out and rebores. (Sometimes it pays to buy a new car.)
- A Renault piston moves in a removable wet sleeve. (It's wet because it's surrounded by liquid coolant.) If the sleeve wears out, it can be easily replaced.
- Liquid cooling system with expansion tank Water-cooled engines are much quieter than air-cooled engines. But in ordinary water-cooled engines, water and anti-freeze can frequently overflow and escape. Our system, however, has a tank which keeps the overflow from escaping. So you won't have to add anything. (But we do recommend checking the system about every 15 months.)
- 5-main bearing engine Instead of three bearings, we support the crankshaft at five points. (Which is more than some six cylinder engines do.)
- Draft-free ventilation On a hot day you don't have to get your hair blown off. You can roll up the windows, open the dashboard vents, crack the back windows, and enjoy a little peace and quiet.
- Rack and pinion steering Driving is as fun as playing. That's why we use a system that eliminates play in the steering wheel.
- Turning circle of 30 feet A short turning circle means you can make most turns in one clean sweep. (That funny little car you've seen so much of has a turning circle of 36 feet.)
- This applies to all new cars (exclusive of other Renaults, of course) available in the United States at the time of printing of this ad.
- 2-speed hot-water heater and double outlet defroster. (at no extra cost) Our heater uses the same hot water that circulates around the engine. And because water heats more evenly than air, our system can produce more even heat than any of the air-type heaters.
- 11 cubic feet of trunk capacity We're not the biggest in this compartment, but we're not the smallest, either. The smallest has 3.3 cubic feet, which is about as much space as we have behind our back seat.
- A separate compartment for the spare tire If you get a flat, you don't have to unload all your luggage to unload your spare tire. And you don't have to get dirt on everything when you put the flat tire away.
- 18 inch wheel A larger wheel makes fewer revolutions to go the same distance. Which means you save rubber. Which means you save money.
- Acceleration 0-40 in 12.0 seconds Top speed 84 m.p.h. Isn't that fast enough? Price — Under \$2,000. We under \$2,000.

McKendree to Hold Homecoming Saturday

McKendree College, Lebanon, will celebrate Homecoming Saturday with the theme "A Tribute to Walt Disney."

Parade floats and the campus itself will be dotted with the characters of the Disney genius.

Students plan to start festivities early with a torchlight parade through the streets of Lebanon Friday night. A bonfire and singalong will follow.

For alumni, Homecoming will begin at 10:30 a.m. Saturday when student organizations line up their floats and parade through Lebanon.

Students and alumni will gather at Hynes athletic field after the parade for an outdoor barbecue.

The McKendree Bears basketball team will open the 1967 campaign at 3 p.m. in the gymnasium in a match with Parks College.

The day will be climaxed by the crowning of the Homecoming Queen at a dance in the Jubilee Room in Belleville beginning at 9 p.m.

A special feature of the day will be a historical exhibit in Circuit Riders hall sponsored by the Clinton Literary Society, celebrating 98 years at McKendree.

Friends of Music to Open Membership Drive

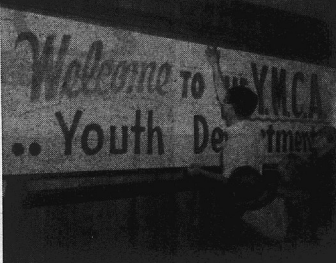

A major drive to enlist new members in the Friends of Music of Southern Illinois University's Southwestern campus will culminate at 7:30 p.m. Friday at a meeting in the Lovejoy Library auditorium.

Mrs. Byron L. Morgan, president, will review plans for the advancement of music at SIU-SW through active participation in work projects and fund-raising. Chartered last spring, the new society works closely with the SIU Foundation and the Southwestern music faculty.

Charles Schweizer represents the foundation here.

Highlighting the meeting will be a vocal recital by Dale Moore, professor of music, accompanied by Renato Premazzi, assistant professor, at the piano.

Persons interested in joining the society may contact any society member for further details. Parliamentarian of the organization is Mrs. Maurice J. Dailey, 64 Oaklawn drive.

ARRANGEMENTS UNDER WAY for an open house to be conducted by the youth department of the YMCA from 9 a.m. to 4 p.m. Saturday for youths of six to 13 years old. Attaching welcome sign is Gary McClelland, youth staff member, as several youngsters look on expectantly.

Open House Set Saturday by 'Y' Youth Department

The youth department of the YMCA will hold an open house from 9 a.m. to 4 p.m. Saturday. Charles Hasse, director, announced.

Activities will include lobby games, a recreation swim, movies and a free-throw contest. The youth with the best free-throw shooting average will receive an autographed basketball from the St. Louis Hawks. Other prizes also will be awarded.

Free soda will be provided by the Wagner 7-Up Bottling Co. of Madison.

All youths from the Quad-Cities area from six to 13 years old are urged to attend.

St. Mark's CYO Dance Saturday

St. Mark's Church Catholic Youth Organization, Venice, will hold a dance Saturday from 8 to 11 p.m. in the St. Mark's school basement, it was announced today by Sheila Simmons, president.

Musical entertainment will be provided by the local Six and Stones band.

All high school students are invited, and admission is \$1 for a club member and \$1.25 for others.

SIU-SW Music Faculty To Perform at Concert

Several members of the music faculty of Southern Illinois University's Southwestern campus will participate in a benefit concert for the Allen-Marquette chapter of American Field Service at 8:15 p.m. Sunday at Monticello College, Godfrey.

The Lincoln Quartet will open the program with Franz Haydn's "Quartet in G Major, Opus 78, No. 1." Comprising the foursome are John Kendall and Kent Perry, violinists; Joseph Pival, cellist; and Robert Scheiber, violist.

Baritone Dale Moore, vocal music professor and one of the leading German leaders in the nation, will sing five German songs plus "Three Poems from Chamber Music" by Samuel Barber.

Renato Premazzi, assistant music professor, will play six piano selections by Debussy. The university Concert Choral will close the program with three selections written especially for them by Warren Joseph, professor in the fine arts division.

Miss Iffrig Arranging Classical League Meet

Miss Mildred Iffrig, Latin teacher at Granite City high school, attended a committee meeting Saturday in Collinsville to arrange the annual meeting of the Illinois Classical Conference Feb. 8-10 in St. Louis.

Members of I.C.C. are teachers of Latin and Greek in high schools and colleges in Illinois.

Airman Gets Dual Promotion at Truax

A double promotion to airman first class was granted last week to Arthur L. Hansen, who is stationed with the U. S. Air Force at Truax Field, near Madison, Wis. He is the son of Mrs. Stanley Terrell, 2403 Madison avenue, and Floyd Hansen of Lutesville, Mo.

Coincidentally, the serviceman's cousin, Airman First Class Dennis R. Edwards, 19, son of Mr. and Mrs. Harold Smallie, 4870 Warnock avenue, was given the same dual promotion one week earlier in Germany.

Hansen, a 1966 graduate of Granite City high school, enlisted in the Air Force last April. His name and address appears in today's "Yule Mail Call" list.

Central Paper Staff Tours Press-Record

The staff of the Central junior high school newspaper, the Central Post View, toured the Press-Record Monday afternoon as the first of a series of field trips to acquaint the students with the field of journalism.

It is the first year the newspaper has been given a time slot in the regular curriculum schedule at the school. The faculty sponsor is Robert Burns.

Brown Named to Staff Of International Academy

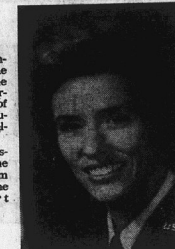

Gerald W. Brown, a Coolidge junior high school teacher, has been appointed to the faculty staff of American International Academy of Salt Lake City, Utah.

He will sponsor a group of students attending AIA's European program next summer. The full-accredited study program is available to high school and college students, and those interested may receive more information by contacting Brown.

Two Plan Inaugural Of New ISU President

Two Granite City students are among 21 at Illinois State University, Normal, selected to serve on committees planning the inauguration of Dr. Samuel E. Braden as 10th president of the university next May.

They are Pamela Parkinson, 2708 Madison avenue, guest list, and Wayne Hancock, 1 Frontenac lane, registration.

COL. JEANNE HOLM, director of Women in the Air Force, guest speaker for the Matrix Table Saturday at Southern Illinois University, Carbondale, at a luncheon sponsored by Theta Sigma Phi, national women's journalism society.

She was the first woman officer to attend the field officer course at the Air Command and Staff College and was assigned to Headquarters, Allied Air Forces, Southern Europe, a NATO command, for four years.

Miss Maxton Has Role in Play at NWU

Miss Ruth Maxton, daughter of Rev. and Mrs. David Maxton, 30 Oaklawn drive, had the role of "Miss Neville" in the presentation of the play, "She Stoops to Conquer," at Northwestern University, where she is a senior.

Land Developer for Campus Here Leaves

After more than five years' part-time assistance to the Southwestern campus of Southern Illinois University in its procurement and development of land, Paul Justus has taken final leave to go to California. The real estate and land development consultant left ostensibly for the last time, leaving behind a dream he helped bring to life.

That dream emerges as a campus of rolling hills, grassy meadows and woods commanded by a complex of plum-colored brick buildings, creatively harmonized with tinted glass, whose beauty is said to mount to a scene out of the "Arabian Nights."

"It's been one of the most interesting and stimulating ventures I've ever undertaken," the financier and one-time insurance official said about his association with SIU-SW. "My heartstrings will always be attached to this fine institution."

Justus' identification with the campus here dates back to 1963 when SIU was trying to buy certain plots of land for development of the academic complex. SIU President Delys Morris, who in earlier years was tutored by Justus in college, called in the "old pro" as consultant on the project.

McKendree Bequeathed New Campus Chapel

Dr. Edwin E. Voigt, president of McKendree College, stood on the steps of McKendree's 109 year old chapel today and told students that a new chapel-auditorium building was in the offing.

He announced that the school has been named principal beneficiary in the will of the late Miss Marion Bothwell of Fairfield, Ill. The will stipulates that the bequest be used for construction of a chapel. Dr. Voigt said the structure would be named in honor of Miss Bothwell.

'The Skin of Our Teeth' To be Given at SIU-SW

Thornton Wilder's comic allegory, "The Skin of Our Teeth," will open Nov. 16 in the Communications Building Theater on the Southern Illinois University-Southwestern campus. The show, the first production in the University Theater current season, will run three nights, Nov. 16, 17, 18, with curtain time at 8:15 p.m.

Admission will be by free tickets which can be secured from the Information Desk in the University Center beginning today. No tickets will be mailed; ticket holders not claiming seats by 8:10 on the nights of performance will risk losing seats to non-ticket holders who may be waiting to be seated.

The play, directed by Steven Archer of the University Theater Staff, deals explicitly with mankind's ever-present capability to survive any and all catastrophe. Sometimes somber, sometimes comic, it is a dramatic comment stressing the idea that things are never so bad that they can't be fought against and triumphed over. Wilder, one of the great optimists in the ranks of established American play writers, is also known for the classic "Our Town" and "The Matchmaker," from which the recent Broadway musical "Hello Dolly" was fashioned.

Film Series on Family Living Planned by SIU

A series of films on "Basics for Family Living," to be used in training personnel of the Illinois Department of Public Aid, is being developed by the school of home economics at Southern Illinois University, Carbondale.

The series is written and directed by Mrs. Joyce Crouse, lecturer in the department of home and family, and produced by the SIU Broadcasting Services in the studios of WSUI-TV. The producer is Byron Bartlett.

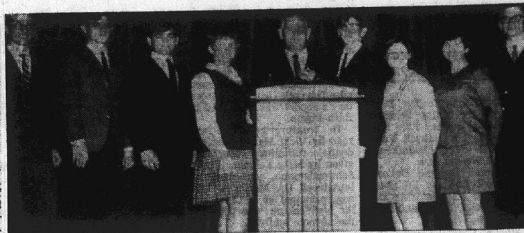

The series of ten 30-minute tapes, to be reproduced on sound film, is made under a grant from the Illinois Department of Public Aid, which will use the films as a part of its in-service training program.

Baptist Students to Convene this Weekend

The Baptist Student Union at Southern Illinois University will host the Illinois Student convention Friday to Sunday.

With the theme of "Unto the Least of These," the annual convention will bring 250 Baptist student delegates from universities and junior colleges all over the state to gather at the newly constructed Baptist Student Center, which will be officially dedicated Sunday at Carbondale.

Miss Becherer is social chairman of Kappa Mu Epsilon, honorary mathematics fraternity and alumnae co-chairman of Kappa Delta Epsilon, honor education for women fraternity. Miss Gasparovic is undersecretary of the Redbird Routers.

Students of SIU-SW Observe at Alton State

Alton State Hospital began its third year as the facility used by Southern Illinois University-Southwestern campus for senior or graduate students to observe classes for the emotionally disturbed.

Mrs. Eddyth Smith, special education teacher and supervisor of observing students, said, "We have nine student observers this year, who must complete 100 hours of directed observation during the fall quarter."

Continuing, she said, "We program from three to seven students into our five-day schedule, and these students observe actual class instruction for the youth center program, young adult program and adult special education, which include activities in all areas of the above programs, as well as individual tutoring, small group classes, art, and physical education. They also accompany classes taking field trips into the community."

\$6000 Grant Awarded SIU to Study Tree

A U.S. Forest Service allocation of \$6000 over a two-year period has been approved for partly supporting Southern Illinois University-Carbondale research by Ali Moeslemi, SIU assistant professor of forestry, to explore the mechanical and industrial properties of wood from the Tree-of-Heaven, a fast-growing tree species of oriental origin.

Moeslemi says the Tree-of-Heaven is widely distributed in the United States but it has not been considered for commercial use. Moeslemi will study the performance of the wood under various stresses of bending, compression, toughness, hardness and tension at high (green) and low moisture conditions.

by the advisory council to mark his 25th year as installing officer. His wife, Glenda, was presented a corsage.

The presentation was made by William J. Mehl, 33rd-degree, a member of the advisory council, charter member of the chapter, the chapter's first Legion of Honor recipient, and a past master counselor of the chapter.

Installing team for the Nov. 17, 1942 event, consisted of Slattery, installing officer; Gilbert Watson, installing senior counselor; James Slattery, junior counselor; Randall Robertson, chaplain; James Krippling, marshal; and Newell Darnier, senior deacon.

Mehl reviewed the history of the chapter and gave information surrounding the installation event of Nov. 17, 1942. Mr. and Mrs. Slattery celebrated their 25th wedding anniversary on Oct. 17, the date the public installation was originally scheduled.

Interpolation Given
Nine o'clock interpolation was given by the installing chaplain, Fitzpatrick announced that the chapter would hold a DeMolay prospect night, young men between 14 and 21 who would like to know more about the order.

It was announced that Grover Brannan, worshipful master of Granite City Lodge 877, had given the meeting night of Dec. 2 for this event and will furnish refreshments for the DeMolays and prospects.

Fitzpatrick also announced that the chapter will observe its fall obligatory duty by attending church in a group with their parents Sunday at St. James Church of Christ. The DeMolays and their parents are to be at the church at 8:30 for the 9 a.m. service.

Gilbert Watson, co-chairman of the advisory council, in behalf of the International Supreme Council Order of DeMolay, presented a "Certificate of Efficiency" to James Naeve, the retiring scribe. Naeve served the chapter for three years as scribe and asked that he not be reappointed for the 88 year as he is attending SIU. George M. Saunders, grand secretary of the International Supreme Council, made the award in recognition of his efficient service.

The installation was adjourned to dancing to the music of "The Judge and Jury." Refreshments were served by the Mother's Club.

Drainage System Cost Estimate In GC—\$2,963,100

Authorization was given by Granite City council members Monday night for H. W. Lock, Jr., engineer, to prepare three-phase plans for storm water drainage projects estimated to cost \$2,963,100. The work is to be carried out under the June bond issue and the \$1,500,000 grant of federal funds.

Alderman Bartosik, chairman of the Special Sewer committee, said all preliminary planning has been completed, but the Chicago engineering firm wanted council authority to call for separate bids on those phases of the project and for the entire project to determine which would cost less.

He added that a special meeting of the council has been called for 8 p.m. next Wednesday to review revenue bond bids for the other phase of the sewer program—the sanitary sewers for North Granite and to be located in West Granite and Nameoki areas.

"Construction bids on the sanitary sewers will be opened the next night (Thursday, Nov. 16)," Bartosik said. The \$150,000 revenue bond issue is to be supplemented with about \$100,000 of the federal grant.

The three phase project for start of a separation of storm water and sanitary sewage in the Granite City system includes an open ditch from Bromley avenue at East 23rd street to the levee district ditch that empties into Horseshoe Lake, estimated to cost \$402,000; the underground line from Victory drive to the levee district ditch, \$621,000; and the lateral and trunk lines through the older sections of the city to cost \$1,940,100.

City May Have Given Clean Air Control Authority to State

Granite City council members decided Monday night to call upon state officials to study the city's air pollution control ordinance that conforms with state standards to determine if the new version takes authority away from the city control board and gives it to the state.

The council received a letter from Prof. Erwin Hoelscher, acting technical secretary for the city, that the council members were the victims of poor advice and enacted an ordinance which is opposite to what I think most of you intended and cannot be enforced."

The letter was placed on file

by a vote of 11-to-3, but then it was decided to send copies to the state air pollution control board and to its technical secretary, Clarence Klassen, at Springfield, to determine if there was an error.

Not Council's Intent
In suggesting the city go to the state for advice, Alderman Rutledge commented that it was not the intent of the city to eliminate the local control board and the acting technical secretary from carrying out the state clean air control regulations. Several council members indicated they were quite leery of making any further changes in the air control law.

Prof. Hoelscher said in his letter that the council in re-

peating the more stringent ordinance of July and going to the state standards this month did not repeal the control ordinance adopted in 1965. He pointed out there are conflicting definitions in the new ordinance that contains portions of both the 1965 city law and the state control law.

He added that several sections of the existing city ordinance use the term "board" or "technical secretary" in describing duties and actions and that the amendment adopted this month over the mayor's veto assigns these duties and actions to the state board and state technical secretary.

Questions Legality
"Thus, the city council has

assigned duties and obligations to a state board and a state office, which action is beyond the legal right of any city government," Prof. Hoelscher stated.

"Secondly," he continued, "since all authority is removed from the Granite City board and technical secretary, no local control remains and all air pollution control will be by the state."

"Previous statements by many aldermen indicated that they favored local control, but if it was the intention of the council to surrender local control of air pollution, it should have been done honestly by repealing the entire ordinance rather than converting it into a complete useless instrument."

"If it is the council's considered opinion that the Illinois standards be inserted into the Granite City ordinance, this should be achieved by a complete careful revision of the ordinance by a person technically competent in air pollution."

"If it is the council's wish, I will undertake such action upon proper authorization."

City Hall in GC To be Closed Friday

City hall offices in Granite City will be closed on Friday for an advance observation of Veterans' Day on Saturday.

Mayor Partney made the announcement at Monday night's city council session, pointing out that when a paid holiday falls on a Saturday, it is observed on Friday.

City Seeks Way to Finance Drainage Line

A method of financing an estimated \$45,000 drainage line project along Franklin avenue between Clark and Amos avenues is to be studied by the Finance committee of the Granite City council.

Alderman Johnson, chairman of the Street committee, called upon the committee headed by Alderman Rutledge for assistance after presenting the engineer's estimate to the council Monday night. The 1000-foot line is sorely needed because of a complete lack of drainage in that area, Johnson pointed out.

He added that there are no provisions for such a line under the bond issue sewer and drainage program.

In a wide variety of business conducted during the 2½-hour session, the council members—

City to Cut Weeds
Referred to Street Supt. Warfield a letter from the state highway department advising the city that it was responsible for weed cutting along the

referred to Comptroller Robert Stevens the notice from the state department of revenue that the city's motor fuel tax allotment for October is \$24,029.

Authorized the purchase of a \$76 file cabinet from Triangle Typewriter Co. for use in the

referred to the City Building committee a suggestion by Al-

derman Nunn for the combination city court room and council room to be cleaned and repainted. The committee also is to get bids for replacing fallen ceilings in the court clerk offices on the second floor and the engineering office on the third floor of the city hall.

Police Car Damaged
Accepted bids for repairs to two police cars damaged in recent accidents with an award on a \$50 bid to Andy & John's Auto Body shop for repairs to Patrol Car Two and to Rich's Auto Body shop in the amount of \$65 for Car Three. Reimbursements are to be sought, pending a study by City Atty. Allen of the accident reports. The Car Two bid was low by 16 cents.

Granted permission to Southwestern Bell Telephone Co. for a 500-foot excavation along Pontoon road between Franklin and Wabash avenues for a cable installation.

Gave permission to Beta Sigma Phi Sorority, that has six chapters and 75 members here, to install welcome signs on East 23rd street, Pontoon road, Nameoki road and Missouri avenue.

Authorized Granite City high School Band Parents to hold their annual fund-raising tag days April 11, 12, 13.

Received a report from East St. Louis & Interurban Water Co. that a hydrant has been installed at 19th street and Madison avenue. Nunn asked for information concerning hydrants authorized nearly a year ago in other areas of the city and not yet installed.

The water company also is to be advised that it must secure a permit, before excavating. Aldermen were critical of the excavation on Madison avenue in front of the hospital this week.

Council Rejects Six Yield Signs

An ordinance to place yield signs at six locations in Yvonne Colonial subdivision (Holtzville) was rejected Monday night by Granite City council members, who then approved an ordinance to eliminate five bus stops.

Seventh Ward Alderman Jarrett urged approval of the yield sign ordinance, pointing out there are no traffic controls in the area and that the residents have requested them.

Alderman Nunn, chairman of the Ordinance committee, noted the ordinance was on first reading, but he declined to present it, saying he favored stop signs over yields.

Voting for the signs were Aldermen Bartosch, Whitmer, Rutledge, Fry and Jarrett. Opposed were Dallas, Moerlen, Boyd, Polio, Green, Basarich, Nunn, Robertson and Johnson. Aldermen Parmley and Davies were absent.

The bus stops eliminated by the ordinance adopted Monday night are two on the south side of 25th street, between Edison avenue and State street and between Grand and Madison avenues; in the 1900 block of St. Clair avenue; on Rock road at Green's confectionery and in the 2600 block of Cayuga street.

Proposed locations for the yield signs were—on Troy avenue at Michigan avenue; on Troy at Idaho avenue; on St. Paul at Indiana avenue, and three along St. James avenue at Oregon, Indiana and Idaho avenues.

Wounded Serviceman on Today's 'Yule Mail Call' List

A Mitchell area serviceman who was wounded less than two weeks after landing in Vietnam, and a Granite City airman whose duties with "Aerovac" include making sick calls with hospital corpsmen in outlying Vietnamese villages, are among the Quad - City servicemen whose names and addresses appear in today's "Yule Mail Call" list.

Relatives and friends of local military personnel are invited to provide the serviceman or woman's name and address to the Press-Record for inclusion in "Yule Mail Call," a special pre-Christmas project sponsored by the newspaper.

To ensure accuracy, it is requested the addresses be sent in by letter or post card or the information brought to the Press-Record office, 1815 Delmar avenue.

Specialist Fourth Class Robert D. (Burkett) Thomas, 21, son of Mr. and Mrs. Dale Burkett, 4916 Hills avenue, Mitchell, and husband of the former Miss Ruth Rosamond of Caseyville, arrived at Long Binh, Vietnam,

SP/4 ROBERT THOMAS
Purple Heart Award

about six weeks ago.

Sneak Mortar Attack

Within a few days of his arrival, his mother reports the Viet Cong infiltrated the base perimeter defenses and launched a sneak mortar attack, killing and wounding several U. S. Servicemen.

In the action, Pfc Thomas re-

ceived superficial shrapnel wounds and burns to his hands. A total of 17 pieces of shrapnel was removed from the Mitchell soldier.

While confined at a U. S. Army field hospital, the local serviceman was awarded the Purple Heart Medal, his mother reports. Since that time, he has been assigned to the Special Services Office at Chu Lai, she said.

A 1964 graduate of Granite City high school, Pfc Thomas will be remembered by his former school friends as Bob Burkett. His mother explained the serviceman was known by his step-father's surname throughout his school years. He enlisted in the service in November, 1965.

Helps Civilians

Mr. and Mrs. William Tarris, 1769 Nameoki road, write that their son, Airman First Class William Wayne Tarris, has been stationed with a hospital detachment near Bien Hoa, Vietnam, for the past seven months. "Wayne has been with 'Aerovac' and goes with doctors and corpsmen in outlying areas to make sick calls in the villages," Mrs. Tarris wrote.

"In his last letter he said, we have just returned from a village about 20 miles north of us which used to be Viet Cong controlled, but we finally managed to secure the village and a small part of the surrounding area."

Airman Tarris continued in

his letter, "Now it is a civic action deal where we are helping the people to rebuild their village. Two doctors, two corpsmen and two 906's (like myself) ran the whole village through a mass sick call and the doctors did as much as they could. The other man and myself gave shots, and tried to keep up with all the paper work."

Mrs. Tarris said her son was to return to Vietnam this week after spending six days leave in Hawaii, where he was joined by his wife, the former Miss Lana Midway of Granite City. The serviceman arrived in Honolulu on Oct. 29.

His wife currently is attending nurses training school at Panama City, Fla. Her parents, Mr. and Mrs. Omar Midway, formerly of Granite City, who now live in Alabama, are keeping in touch with their son's infant while Airman Tarris is overseas and his wife attends school.

Those submitting a serviceman's name, rank, serial number and correct address to "Yule Mail Call," are asked to identify themselves on the post card, letter or slip of paper in event verification of unit abbreviations is required.

The names and addresses are being published as they become available, enabling Quad-Cityans to add the GIs and other military personnel to their Christmas mailing lists. Last year, more than 525 names of servicemen appeared in 20 Press-Record issues.

Receive Call from Son On Leave from Vietnam

Mr. and Mrs. Albert Olson, 2830 East 25th street, have received an overseas telephone call from their son, Sp4 Dale G. Culpen, who was on Rest and Recuperation leave in Taipei, Formosa.

Sp4 Culpen is presently stationed with the 25th Division in Cu Chi, Vietnam. He has been there since last January and in service 15 months.

\$218,775 Balance In GI Relief Fund

Acceptance of the monthly financial report by Supervisor Nelson Hagauer and approval of routine bills and salaries was the only business conducted at Monday night's meeting of the Granite City council as the town board.

Hagauer's monthly report show a balance of \$218,775 in the general assistance fund on Oct. 31, with disbursements during the month amounting to \$2304. In the town fund, the balance was \$24,521 after expenses of \$4460 in October. The Illinois Municipal Retirement fund balance was \$2820 after disbursements of \$558.

Disbursements approved Monday night amounted to \$2304 from the town fund and \$6070 from the general assistance fund.

MORE ABOUT GC Steel

boost to Granite City Steel and, being such a major industry in this area, if this company prospers then all of southern and southwestern Illinois are also bound to prosper.

"I think another extremely favorable omen for the future can be seen in the past—the climate between labor and management which resulted in virtually no lost time in the completion of this program despite more than four million manhours of work.

Harmonious Labor Climate

"This is just one more example to the world that labor and management can and will work together in harmony and in concert when men of good will want it to be so.

"One of the great sources of pride which I have as governor, in fact, is the favorable labor-management relations which have prevailed over most of the state during the past seven years. This success reflects great credit upon everyone in our state who has been involved.

"I think this occasion would not be complete unless I mention one other subject of interest to all of us—the effective and remarkable improvements in this project which have reduced the amount of air pollution in this area.

"The orange-colored plumes which at one time came from the stacks of the open hearth furnaces here and served as a landmark for many, many years are gone. And while we may have some nostalgia for that familiar sight, we will not miss the contaminants which have been emitted to the atmosphere.

Highly Efficient Precipitators
"The orange plumes have been eliminated by your company's installation of basic oxy-

gen furnaces served by highly efficient electrostatic precipitators to keep contaminants out of the atmosphere.

"While we recognize that the conversion to the basic oxygen process may have been primarily based on competitive factors, it is also important to recognize that the decision to control atmospheric emissions was based on the company's interest in eliminating air pollution. The Illinois Air Pollution Control Board has given well-deserved public credit to Granite City Steel and other firms in this area for their reductions in pollutants emitted to the atmosphere.

"In a public announcement two weeks ago, the Board pointed out that industrial pollution in Madison county was reduced by nearly 60% from 24,000 tons in 1963 to less than 10,000 tons at present.

Basis for State Program

"It is apparent, of course, that air pollution still does exist and that we must move rapidly to alleviate this pollution.

"One of our major problems is that the state of the art is behind our need for clean air and that effective technological methods have not yet been developed in too many areas.

"We are engaged in programs now to find ways to control air pollution, not only in numerous other areas around the nation. Voluntary action, of course, alone will not solve the total air pollution problem.

"Forward-looking firms that move to eliminate pollution could well be penalized competitively by other firms which are less interested in the public good.

"The necessary correction procedures must be established by appropriate regulatory agencies. And the results obtained by the regulatory agency will be only as good as its philosophy of control is sound.

Enforceable Rules Necessary
"There is one necessary criteria for the regulation of air pollution—it must be enforceable. Standards must be at-

tainable from a technical standpoint.

"Our every resource is being bent to see that all necessary controls do become attainable as soon as possible.

"One of the greatest single weapons with which we can arm ourselves is the \$1 billion air and water pollution control bond issue to be voted on in November 1968.

"Included in that bond issue is \$50 million to be used for guaranteeing private loans made to industry and local government to finance the installation of air pollution control equipment. Such state guarantees will result in lower loan interest rates for industry and for local governments.

"Cooperative Attitude"

"I am pleased to add my thanks to Granite City Steel Co. for its cooperative attitude in this critical area, just as I am honored to add my contributions for its success in becoming one of the most modern and most important industries in Illinois."

Gov. Kerner also stressed the importance of cooperation between states and said he works closely with officials from Missouri, Iowa, Wisconsin, Indiana and Kentucky.

His credited formation of a midwestern governors' group with aiding Illinois in obtaining an Atomic Energy Commission accelerator in Weston, and said it will not only bring federal expenditures to the state but also will combat the "brain drain" in which the midwest has lost many scientists to the two coastal areas.

He said he still hopes that a Missouri-Illinois air pollution control compact can be created, but that he will insist on attainable standards.

Hope to Attract New Firms
In his welcoming talk Monday, President Veeder said, "Granite City Steel is concerned with the mid-U.S. and the Mississippi River. We sell almost a third of our steel in this bi-state region."

"Our new facilities have

strengthened us as a steel company. They have also strengthened the industrial development potential of this entire region. "A strong steel mill attracts manufacturing companies which use steel. A good example is the big A. O. Smith plant in Granite City. A. O. Smith makes auto transmissions from our steel and is the second largest new plant to move into this metropolitan area since world war II.

"The mayors of our bi-state region have certainly been among the leaders in efforts to attract more industry and five are present.

During the introductions, I should introduce Granite City Steel Co. We are a middle-sized company in a big-volume, heavy-capital business.

"We used to think of ourselves as a small company, but every time we struggle through one of these construction programs we come out a little stronger and bigger in relation to other steel companies."

World Pace-Setter

"Our growth in relative size and importance has never been pronounced than this time. Example: our hot strip mill is as large, as powerful and as advanced as any hot strip mill in the world."

"Being a native of Pittsburgh, I enjoy pointing out that you won't find a mill to equal this one in all of Pittsburgh... and you won't find a mill any better in Chicago.

"Another example: our new basic oxygen steelmaking plant is one of the largest and operates with an unusually advanced computer system."

"The BOF plant also has very efficient electrostatic precipitators which have taken a tremendous amount of red dust out of the air. They have enabled us to make a real contribution to air pollution control."

Competitive With Anyone
"These new facilities have brought us to a point where we are competitive with anyone in the U.S. and have enabled us to lower our base prices to the exact same level as those prevailing in Pittsburgh, Chicago and other steelmaking centers."

"Flat rolled steel is a major raw material in manufacturing and construction. Our price reduction will certainly strengthen manufacturing industries already in this area and make it more attractive to new industry."

"I want to take advantage of this occasion to say publicly that the people who worked on our 1965-1967 construction—both the contractors and the building trades workers—did a job which was for the most part outstanding."

"This is reflected in the fact that we brought this program home within budget despite the tremendous costs. "And it is reflected in such things as our starting up the new hot strip mill with the highest degree of computerization yet achieved."

"And now I come to our speaker. There are few men in

the United States as busy as the governor of Illinois, Otto Kerner, who is also functioning as chairman of the President's Special Advisory Commission on Civil Disorders.

"The governor was kind enough to write us a congratulatory note when we began our expansion and modernization program three years ago, and it has been my hope that Gov. Kerner would be able to appear on this occasion."

After the governor's talk, the guests were taken in buses to the plant, where Kerner dedicated the new hot strip mill.

105,000 Horsepower

During the ceremony, Veeder related to the gathering. "We gave considerable thought to how one goes about dedicating a fully computerized, 105,000-horsepower, hot strip mill. Someone pointed out this is a no-hands operation, start to finish, and that the way to dedicate a push-button mill is to push a button."

"The button is the biggest we could find. When pushed, it will actuate signals to open the door of one of those heating furnaces, extract a steel slab heated to about 2300 degrees, and start the slab through the mill to be converted into one of those coils we saw as we came in."

"Two or three weeks from now, we'll mail our guests a souvenir made from the steel in the Gov. Kerner coil."

Mayors Introduced

Officials introduced by Veeder were Granite City mayor Donald Partney, Madison Mayor Stephen Masera, Edgewood Mayor Raymond O. Rogers, St. Louis Mayor A. J. Cerverante and St. Louis County Supervisor Lawrence K. Roos.

Loyalty Sunday to be Observed at NMC

Next Sunday will be observed at Loyalty Sunday at Neighborhood Memorial Methodist Church, ledges for the financial support of the church for the coming fiscal year will be received.

Commitment cards will be submitted at the 8:30 and 10:40 services. As a part of the annual Every Member Visitation, the plant, where Kerner dedicated the new hot strip mill.

Company officers at the head table and presented to the luncheon gathering included George Schierberg, former president and currently a director of Granite City Steel and the chairman and chief executive officer of Ralston Purina Co.; and Bertram B. Culver Jr., a director of the firm and president of the Culver Educational Foundation.

Lyle P. Gulley, executive vice-president and director was described as having "direct responsibility for our expansion and modernization program."

John A. Leschen, vice-president of sales, was introduced as "the man we're counting on to sell all the additional steel we're now capable of making." The audience was told that it had been planned to hold the luncheon in the new hot strip mill. However, it was moved to the main office building due to the cool weather.

workers will visit the homes of those attending the Loyalty Sunday services.

This entire program is under the general direction of the Commission on Stewardship and Finance of which Leonard Gertsch is the chairman. This year's chairman of the Every Member Visitation effort is Carl B. Mathias. He is assisted by Ray Ashcraft and Marvin Van Meire.

The minister, Rev. R. Paul Sims, will preach on the theme, "Much More Than Money." The children's sermon at 10:40 will be delivered by the associate minister, Rev. Dean Blackburn.

Anthems will be sung by the Youth Choir at 8:30 and by the adult Chancel Choir at 10:40. Both of these choirs will be directed by Warren G. Simpkins. The youth choir will be accompanied by Robert Ashcraft, at the piano while the Chancel Choir will be accompanied by Mrs. Russell K. West, church organist.

State Job Exams Set at SIU-SW

The Illinois Department of Personnel will conduct examinations Saturday, Nov. 18, at the Southwest campus of Southern Illinois University for approaching graduates and others interested in state careers. David R. Van Horn, assistant director of placement services, said the examinations would begin at 9 a.m. in Room 312 in the Peck Classroom Building.

He said reservations are being taken now through his office. All interested parties are urged to register as soon as possible so that sufficient tests will be on hand.

The Illinois Professional Career Entry Examination must be passed to qualify a candidate for a position with the state. The test is open to students, persons with a degree or those with schooling and experience equivalent to a degree.
